Dedication

Volume ninety seven of The Magazine of Bishop's College School is dedicated to David McDonagh and to Peter Laframboise, the last of the Glass House Gang. They have been at B.C.S. for six years apiece, and have at long last graduated.

David McDonagh has contributed much to the school and to the Houses he has been in over the last six years. His calm approach to life, his good humour and willingness to help out will be greatly missed by all who have been fortunate to know him.

Peter Laframboise, has also given much to the School. He will be much missed in both his House and our Library.

Good luck to you both, and keep your friends that you have left always in your minds.

FRONT ROW: I. Stephen, C. Noyes-Roberts, S. Shaw, S. Grass, Editor, S. Fisher, D. McDonagh. SECOND ROW: I. Morales, I. Duncan, I. Graham, E. Boyd, Mr. Lloyd, Advisor. ABSENT: J. Boyle, J. Jonas.

Editorial

I would like to apologize for this year's editorial. It is really an assistant editorial. Our dear Editor, in the tradition of Mark Twain and other great literary figures, has headed West. The editorial Sarah was to have sent me has not come, so here goes;

Many thanks to all the people who have helped us in the course of the year, especially Jane Boyle, Typing Editor and my own personal inspiration and Jenn Jonas, Copy Editor, both of whom did not appear in the photo due to bad luck. Thanks also to Michael Weir for his last ditch efforts. The whole staff would like to thank Mr. Lloyd for his help as our Advisor, and if I have forgotten anyone, I'm sorry but don't get upset. We are thinking of you. We hope that you, the reader, will enjoy our efforts and will cherish them in the years to come. I think I can speak for all the staff when I say that we have learnt a lot from our troubles and tribulations and that we are looking forward to starting again next year.

Asst. Editor

Headmaster's Notes

With all the activities B.C.S. participates in, and all the School has done during the past year, it is difficult to sum up within a page. This year there were two hundred and eighty six students and twenty eight teachers; one hundred and ninety boys and ninety six girls of whom two hundred and forty six were boarders and forty were day students. The School's enrollment has increased each year since 1972 when the School became co-ed. This year, sixteen different sports were offered, and there were thirty one competitive teams which participated in a total of three hundred and forty three games. The Senior Rugby team, Senior Girls' Soccer, Junior Boys' Football, Bantam Girls' Volleyball and Junior Hockey Teams were first in their league. Our Squash team played twelve matches and lost only one.

In March, Mr. Lloyd and a cast and crew of fifty four students, presented the musical production "Bye Bye Birdie" at Bishop's University Theatre. Seventy two students were members of the Choir under the direction of Mr. Bevan. The Cadet Program participated in many activities this year; a Cadet camp in October, The Black Watch Church Parade, and the Remembrance Day Service in Lennoxville, concluding with the final Parade on May 13th. This year three new teachers arrived at B.C.S. Miss Moralejo, teacher of Math, Science and Physical Education. Mr. Evans, teacher of Drama and English, and Mrs. Brown who returned to teach Remedial Reading and English as a second language. Unfortunately, this year three teachers are departing; Mr. D. Campbell, Mr. McGuigan and Mr. Brass, as well as Mrs. Mooney, who has been nurse in the Girls Infirmary since 1972.

Next year promises to be different, but it will have to go a long way to beat this one!

Staff

OUR TEACHERS

We have only three new teachers with us this year, Miss Moralejo, who is now imprisoned in Gillard, Mrs. Brown, whose main task is teaching the Connection how to speak English, and of course Mr. Evans, the zaniest man in Chapman or the English department. We must admit that they have had a pretty good year, and we look forward to annoying them again in the year to come.

Then there is the group that leaves us; Mr. D. Campbell, who has run Chapman House for as long as I can remember, to become Head at Rosseau Lake

School. He has been Senior football coach since 1972, and both he and his family will be missed here at BCS.

Mitchell McGuigan has been a member of our teaching staff since 1974. As well as being a great Biology and Chemistry teacher, Mitch has donated a large part of his time and himself to those of us who participated in Adventure Training.

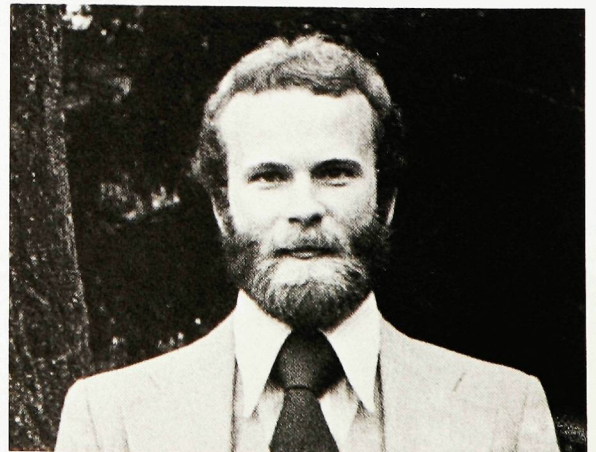

Lastly, Mr. P. Brass, better known as Pete Baby, who will be leaving us after an all too short two years as a History and Geography teacher.

Lester Dass, our Saga manager and short order Cook, is also leaving us, and his good work in both the kitchen and the basketball court are going to be much missed.

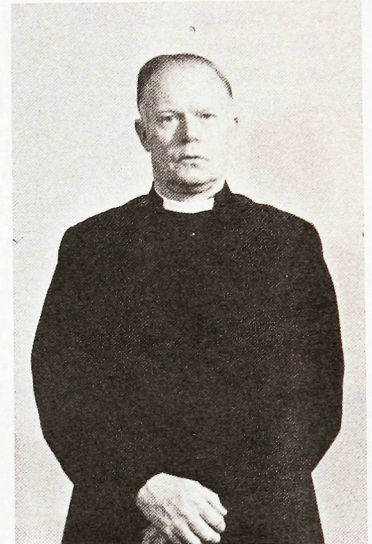

But most of our teachers seem to stay on and on; Mr. Badger, Head of the Math department, as well as the Day House. Mr. Art Campbell, better known and loved as "The Beak", is still going strong with his winning House. Mr. Bateman is still suffering from his

Mrs. Sakamoto, Mr. McCaffrey, Mr. Lloyd, Mr. Badger, Mr. Cruickshank, Mrs. St. Jacques, Mr. Lewis, Mr. McGuigan.

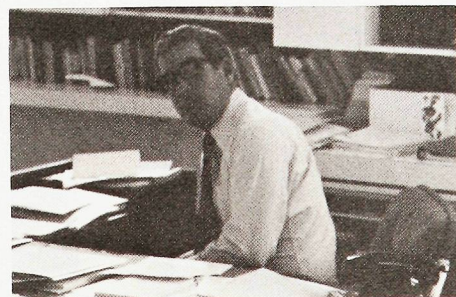

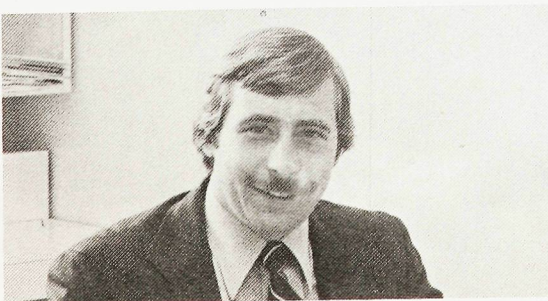

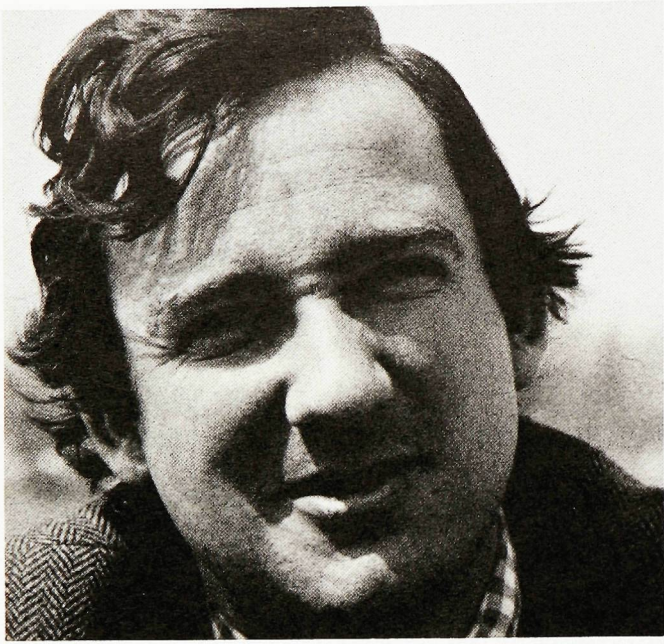

forty-four little blessings, but he has found he can take little breaks into Toronto for relaxation. Mr. Lloyd has left his mark on both "Bye Bye Birdie" and his House. Mr. Owen, our only Ogre, lives on in his House surrounded by his gang of boys, and he only sticks his head out to raise flag poles and crash cars. Eric Detchon is still puffing on his pipe in Gillard House and forcing innocents like me to learn French. D. A. G. Cruickshank was here for part of the year, but then he disappeared into the mountains with about half of the seventh and sixth forms, and I swear I have not seen him since. Mr. McCaffery and Mr. Perrier both lead on in their respective Griers, but "Crud Ya Hoo" is heading off for Chapman next year. The St. Jacques are still around, probably holding hands behind the rink. Mrs. Sakamoto has become the Day Housemother and Mr. Trower is teaching Art somewhere up on the third floor. Mr. Milner was seen in casual once this year but he ran off into the woods before we could find him. Mrs. McGregor is still down below the tunnel dreaming up new recipes to test our new students and Miss Hewson is out walking her dog, where she has probably stopped to talk

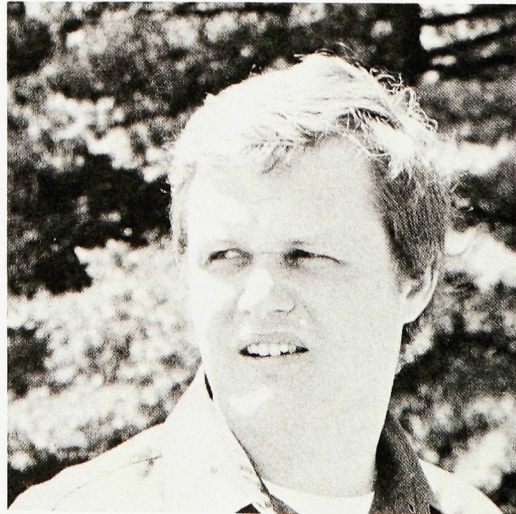

Mr. Goodwin, Mr. Trower, Mr. Detchon,
Mr. Turner, Mrs. Taboika, Rev. D.
Roberts, Mr. D. Campbell, Mr. Cowans.

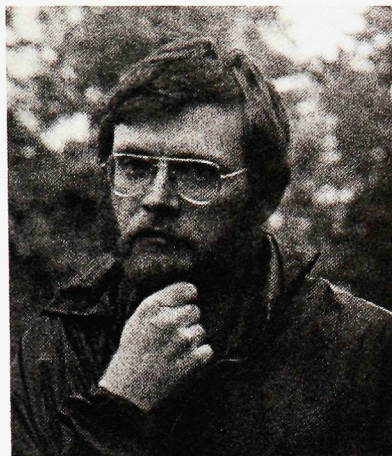

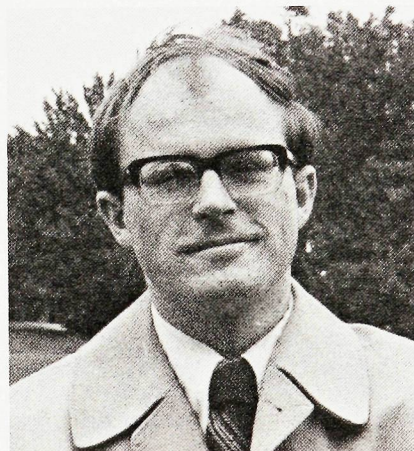

to Mr. "Tippy" Goodwin who is hoping that someone will come up to learn soccer. Grant Lewis is feeding his dogs and any of his second formers that are hungry, while David Dutton is busy explaining to members of our sixth form what a Betatron is in both English and Italian. Mr. McClintock is teaching all the new boys how to skate. Mr. Bevan is telling the choir about Rugby and Mr. Winder just shot out two of the Library lights. Miss Matthews is telling him to be quite. D.J. Clint Turner is out getting tattooed. Ms. Tirk, the All American Dream, has been hot-RODDing around the woods on A.T. The Reverend D.F.M. Roberts is still here, and J.D.C., our Head, leads on into the future. Thanks.

Prefects

FRONT ROW: Fiona Thraves, Sarah Grass, Dave Wold, Headboy, J. D. Cowans, Headmaster, Faith Hallward, Joanne Caron. SECOND ROW: Grant Vale, Gilbert Landry, Jonathan Howson, Charles Paine, Neil Cunningham, Himal Matthews.

I am happy to be able to say that this year's Prefects have done a fine job. As Headboy, I was proud to work with such a conscientious group, and I'll never forget my experiences here. I am sure they will do me much good in my immediate and not so immediate future. Thank you, B.C.S., for all you have done for us, and I hope that our final year here has repaid some of what we owe you.

D. W.
Headboy

The St. Francis Golf and Country Club

The 1976-1977 year was marked by the founding of the already famous and increasingly prestigious St. Francis Golf and Country Club. This elite group, the cream of our energetic Seventh Form, was responsible for many of the slightly inane occurrences at B.C.S. this year.

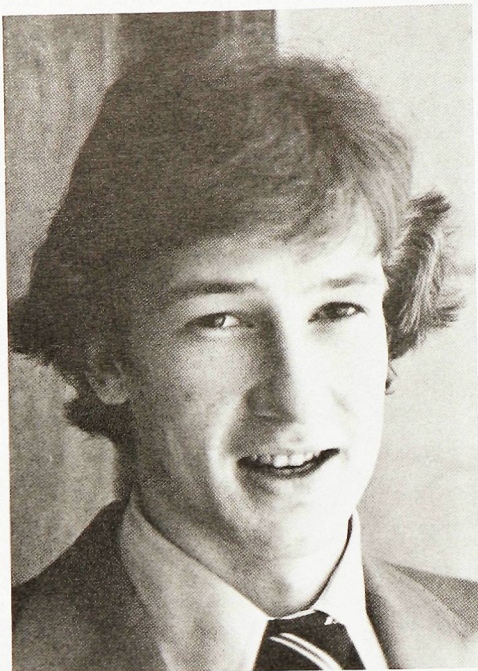

The founding members of the Club, Mr. David McDonagh, Mr. Geoff Scott, Mr. Charles Paine, Mr. Peter Mackenzie, and their advisor, Mr. Cliff Goodwin, appear in the above photograph. They are easily recognizable by their tasteless but very avant garde yellow jackets which the Club had imported from Europe.

We, the remaining students of B.C.S., wish the founding fathers both good luck and farewell, and hope that their successors carry on their work with the same lack of regard for the acceptable as they have done.

Jolly good show, Chaps!

B.C.S. Grads...

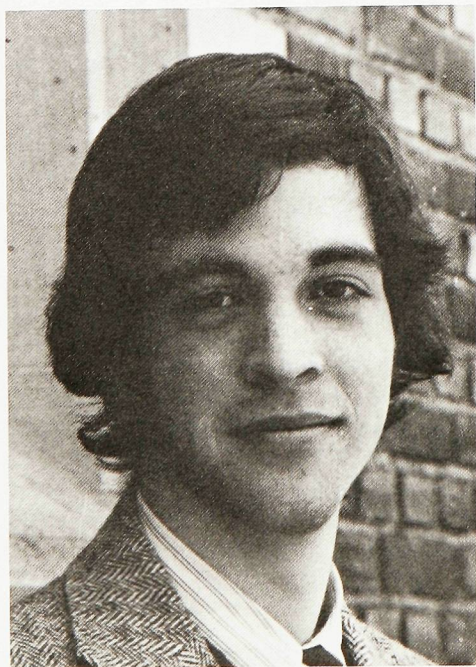

Marc Andre Bibeau 1976

When Marc sprinted into the zoo last September, it didn't take his roommates long to nickname him Speedy. On the football field, in the rink and in Glass House Marc justified his nickname. Rumours have it that he can play a little tennis too! Speedy adapted to seventh form life rather quickly and was a valuable member of the Inter-House Games Squad in Smith. When Marc isn't eating pizza or on a tennis weekend you will probably find him doing his favourite thing - just being speedy. We all wish Marc and his tennis talents the best of luck next year wherever he goes! !

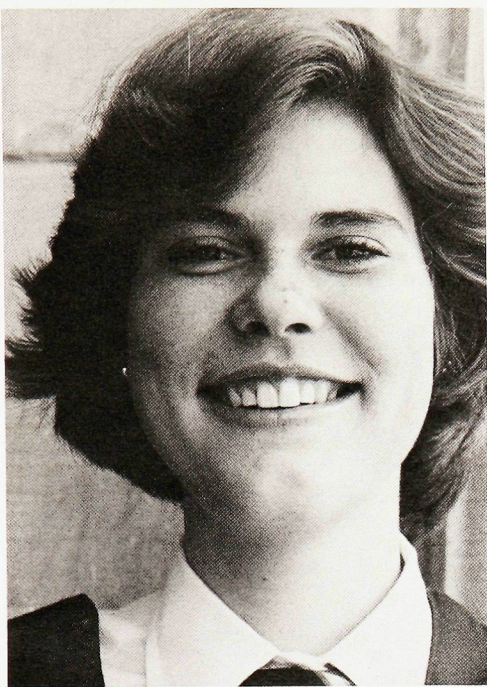

Seventh Form

Chris Blood 1973

Diana Lee Boyd 1975

In former days we'd both agree that you were me, and I was you. What has now happened to us two, that you are you, and I am me?

(Anon.)

Neil Cunningham 1974 Prefect

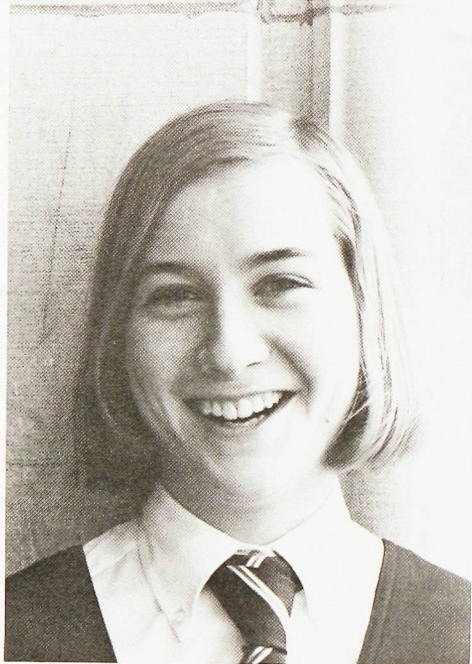

Johanne Caron Prefect 1972

It was a great experience and I have learnt a lot from you all about Them, Us and Me. I now enter an old girl life where B.C.S. will always be a part of me.

"Old friend, yes I remember you,
Always a smile on your face,
Oh, a memory years before,
An old man and a little boy,
Old friend, I remember you..."

(Chris de Burgh)

Jennifer Everson 1976

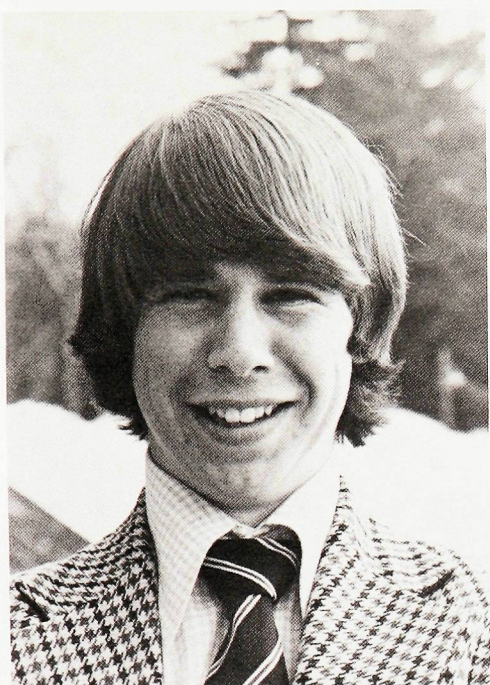

Maybe Jen's reason for her disliking one particular subject was not so much that she couldn't do it, but that her room was always so full of fellow Glass Housers that she never had time to. Those nocturnal popcorn parties that she participated in certainly helped matters.

Her famous sexy legs have definitely brought her a long way from those days at the Study. Her favourite sport will always be football and she'll always be remembered for telling those dough heads to "shut-up! "

Kim Finley 1976

If you don't know by now,
I'm not going to tell you.

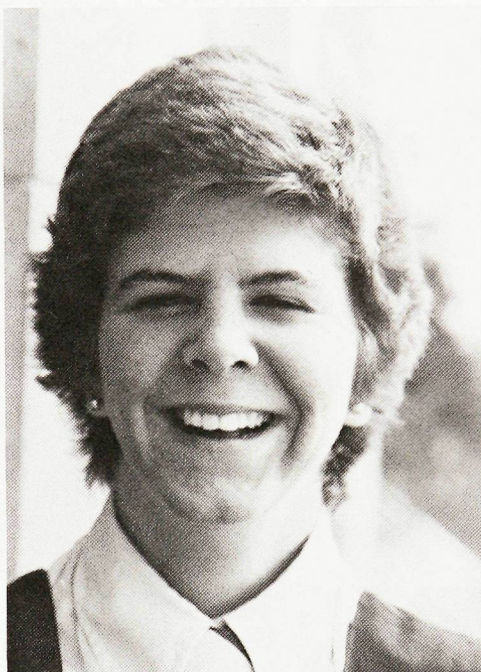

Charles Fournier 1976

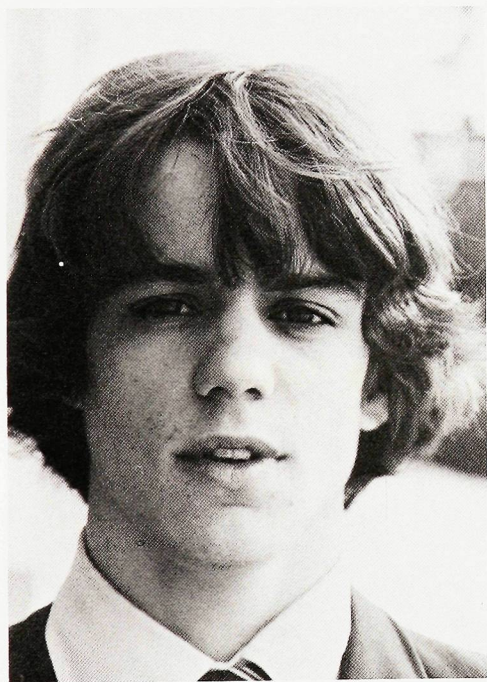

Charles, or Chuck, as his friends call him (I mean friend) came to B.C.S. with visions of excellence in everything he did. He still has these visions. Chuck has turned into one of the leaders of Smith House with his athletic abilities. He is the only person who could walk half the cross-country and still come in tenth. We wish Chuck luck wherever his travels take him next year.

Sarah Grass 1972 Prefect

I cannot forget 5 years of friends and experiences, both good and bad, any easier than I can fit all my memories of B.C.S. into this space.

Never give up. Have a good cry and try again.

Richard Garneau 1972

"Freedom is a necessity of life."

Faith Hallward 1973 Prefect

When Faith is not conquering a mountain with her Adventure Training crew or showing off her derriere in "Bye Bye Birdie" or organizing those memorable Saturday night dances or even stretching those contours in Modern Dance, she is bound to be found munching on Prefect cookies.

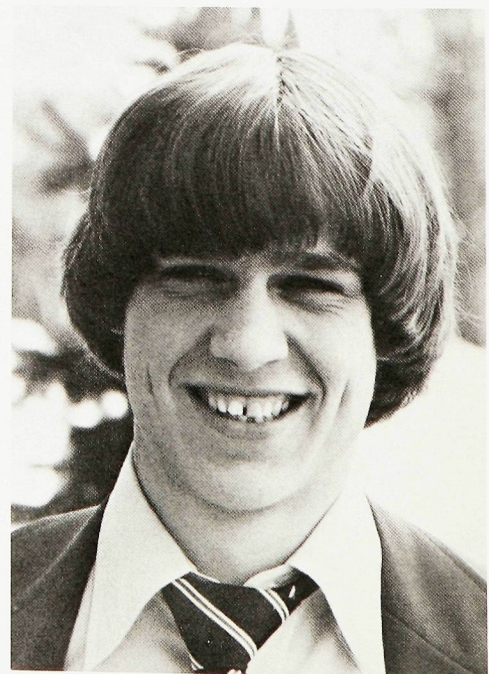

Faithless Faith is always faithfully practising her calisthenics much to the surprise and horror of her fellow Glass Housers.

We'll miss you Faith and your ever present smile and we'll always envy your ceaseless energy and good spirit. Love, US.

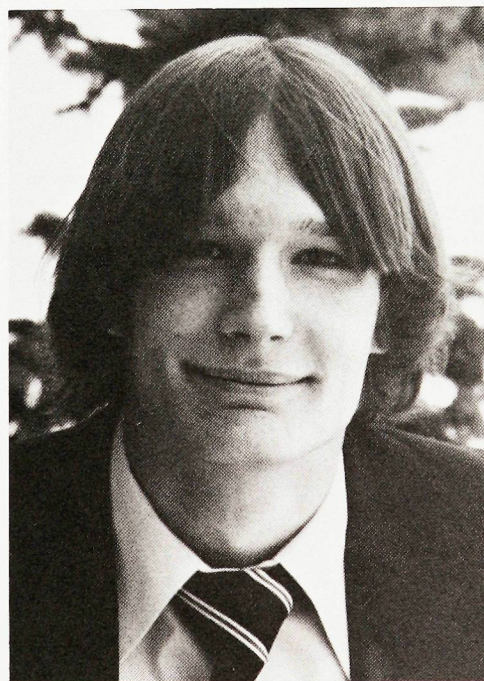

Mark Hantho 1976

Mark came to B.C.S. and somehow found himself on first team football. He turned out to be a great blocking end on what he always claimed to be the strong side of the line. As if that wasn't enough, he was getting regular visits from a certain female party from Beaconsfield. Whenever she arrived, Mark always had his hands full keeping Mungo away from her. Mark lives in the famed "Suite" of Smith House where he rooms with Chuck and Speedy. He is also a skier of some repute (the only time I saw him ski he broke both of his skis). Mark is planning to go to Queen's next year. Good luck.

Jono Howson 1974 Prefect

Good friends, good times, goodbye.

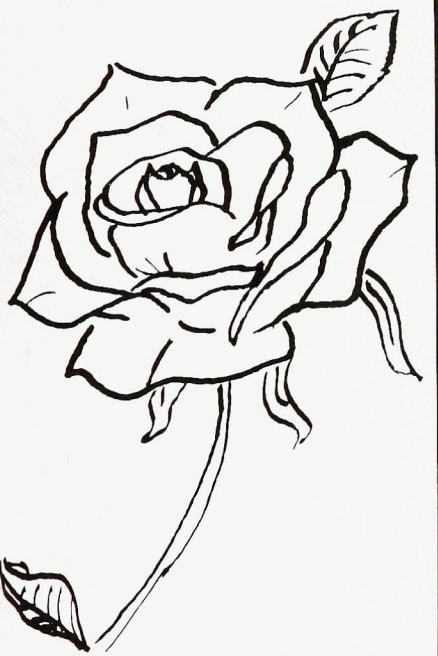

Martin Kral 1972

Marty has been at B.C.S. for five, long years and the only thing which comes to his mind after all that has happened is this, "I was not as good as I once was but I'm as good once as I ever will be."

Times have been close but he has always weasled out somehow. So let's hope that it keeps on working in the future. Good luck Marty, wherever you go.

Karin Keeley 1973

There is no real "Future". The Future is simply what you wait for so the present can become the Past...and then you savour it, touch it, taste it, feel it, see it, cherish it, love it, hate it, regret it - and then wait for the present to become the Past all over again.

Peter Laframboise
1971

Jill Lorenson
1975

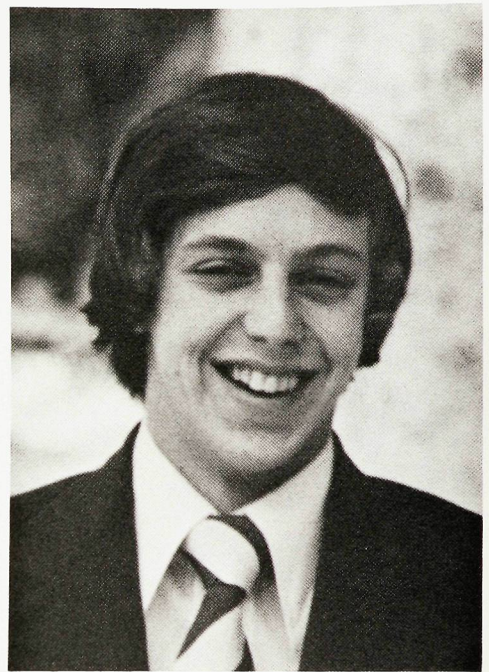

When I go away from you
the world beats dead like a
slackened drum.

I call out for you against the
jagged stars and shout into the
ridges of the wind.

Streets coming fast one after
the other, wedge you away
from me, and the lamps of the
city prick my eyes so that I
can no longer see your face.

Why should I leave you to
wound myself upon the sharp
edges of the night?

Amy Lowell

Gilbert Landry
1974 Prefect

"If it feels good, do it...so I did!" (F.H.)

Gilbert's free wheeling around the girls brought him a long way. Despite the odd problem in academics, the school year went relatively well especially in Hockey, his one and true love. Hockey influenced his attitude considerably because as soon as November came around Gilbert became somewhat more alive and wild. By the way Mr. Goodwin, now that "Chien Chaud" is leaving you might have your office back to yourself again.

Despite Gil's wild, uncontrollable behavior towards Faith, he did have more serious intentions at home. So Dianne, don't worry, he was always a good boy.

Himal Mathew 1975 Prefect

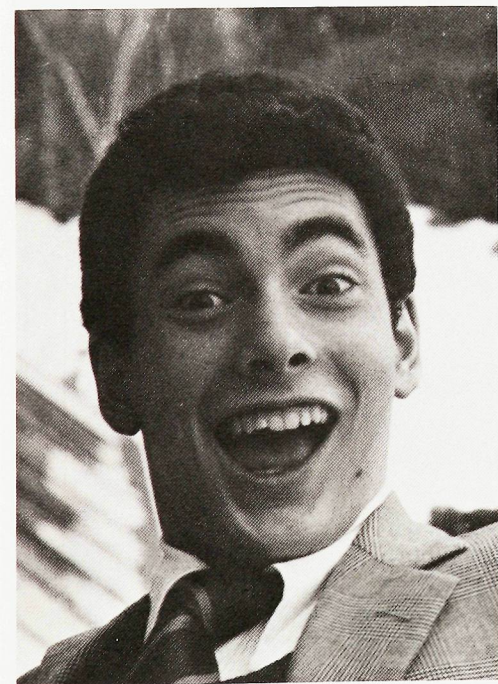

P. Himal's reverberating bass voice (at least he liked to think it was), could be heard at indecent hours of the morn over the sound of the shower, booming out verses of Chantilly Lace and Mozart's Ave Verum, much to the consternation of the population of Willy House.

Amid the haste and confusion of early morning ice duty, send-ins and choir practices, he did manage to get some work done. When not attempting to coerce Faith into having just one more cookie, or developing his biceps for the Mr. Universe contest, P. Himal could be found racking his brains over that last problem on the calculus assignment.

In an effort to make the most of his position as a Prefect (There's no check-in. Go away!), in terms of personal growth and being of service to B.C.S. Himal often personified the very essence of frustration. The experience however, is one he will always value.

"I hate labels and I wear no labels. When a man has to put on something around his neck and say I AM, he isn't."

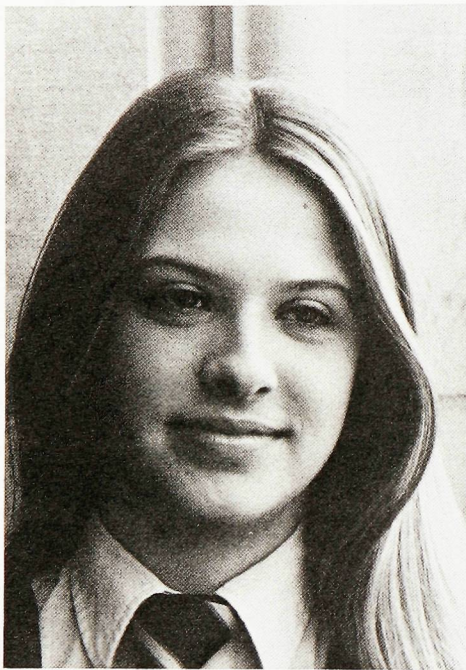

Pearl Bailey

Bruce Matheson 1974

I claim not to have controlled events, but
confess plainly events have controlled me.
Abraham Lincoln

Dominique Monast 1974

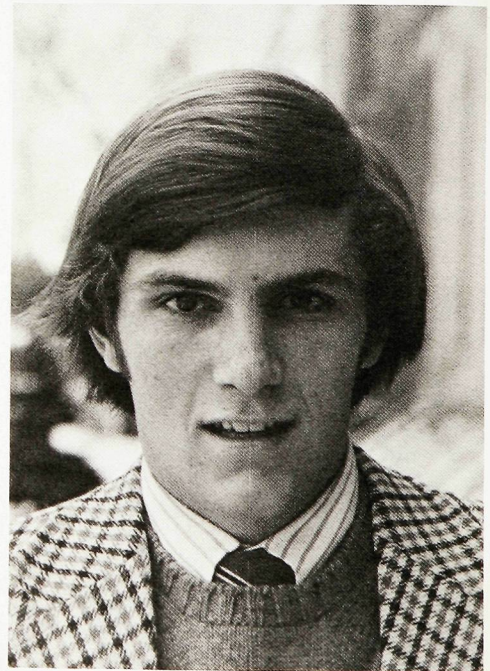

She arrived at B.C.S. three years ago and promptly gained the reputation of being a blonde, basket of frivolous fun. Playing on Senior Soccer her talents were not wasted as she received colours at the end of the season. This winter she turned her athletic talents to other fields. She went skiing at Mt. Everybody Climbs At The Beginning Of The Year, betterly known to others as Mt. Orford.

Running around the halls of Glass having water fights with Kim, waking up others at ungodly hours, sleeping in till the last possible minute and all the other things we associate with Do-Do lead us to believe that she has a special something that will attract many friends to her throughout her whole life. Good luck Do-Do in the future.

Peter MacKenzie 1973

"Let your boat of life be light, packed only with what you need - a homely home and simple pleasures, one or two friends worth the name, someone to love, and someone to love you; a dog, and a pipe or two, enough to eat and enough to wear, and a little more than enough to drink for thirst is a dangerous thing."

David McDonagh 1971

"I note the derogatory rumours concerning my liberal usage of alcoholic stimulants and lavish living.

W. C. Fields

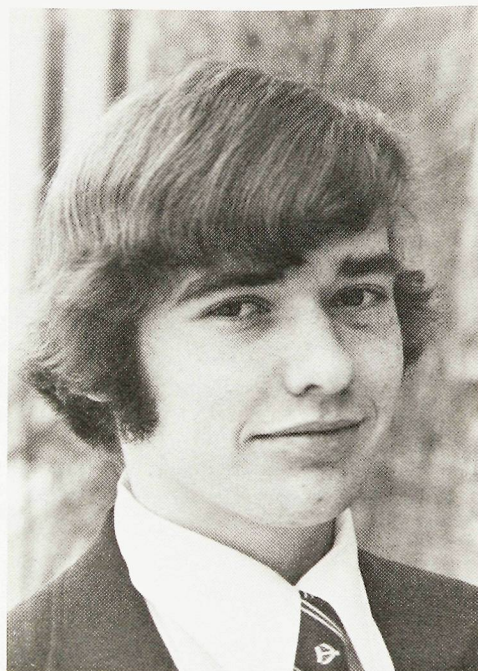

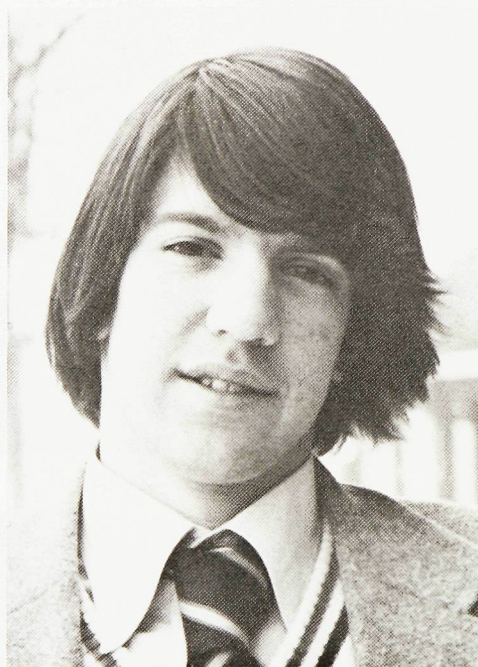

John Nethersole 1973

Who am I to the rabble and the wise,
 Am I just a young and shallow face that years erase?
 Am I more than that? and do they wonder?
 I work no day with self deception and that I am is a common grain of sand.
 But the sun doth rise for every man alive, and how my heart is clear,
 Because I have from what I do, and do just what I am,
 Oh no man is born a starless sky, beneath his naked hide,
 And Oh Lord, yes I am, maybe I'm just a lucky man inside.

Four years is a long time. What can I say, I know you've had a lot of good times and I hope you never forget them. Rooming with Dodo for 3 years, Richard for 3 years and of course Serge. You must have a fetish for Frenchmen! You were an asset to soccer for 4 years and volleyball for 3 years.

"Hurry up, we have to make that popcorn before lights out!"

Anyway, I just want to wish you the best of luck in Fashion School next year. Take care and don't forget to write.

Fiona Thraves 1974 Prefect

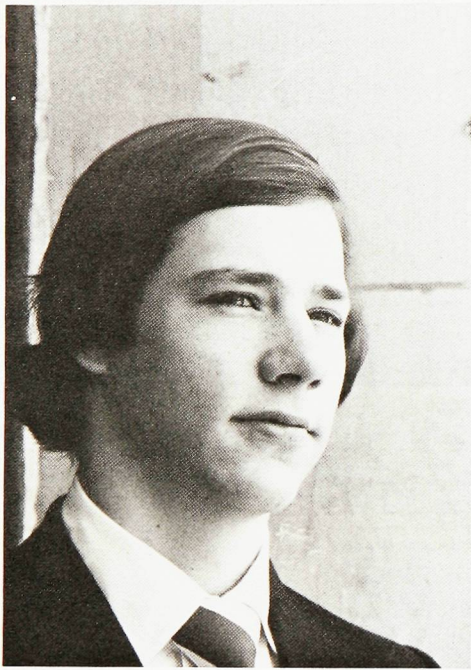

Fi, I just couldn't figure out which of your several articles to put in. All your brothers and sisters submitted ideas too.

It has been a hard year Fi but you pulled it off. If you'd only stop laughing so hard so you won't end up walking into everything, you'd come out of all this virtually unharmed.

Take care next year and remember if you ever need someone to talk to you've made a lot of close friends here who'd be glad to hear from you.

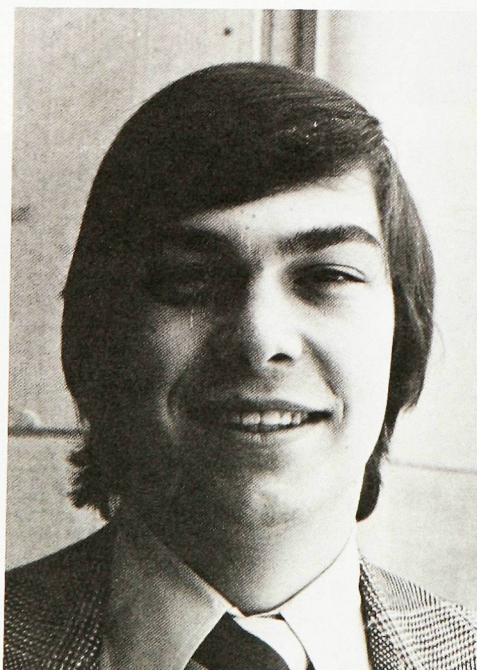

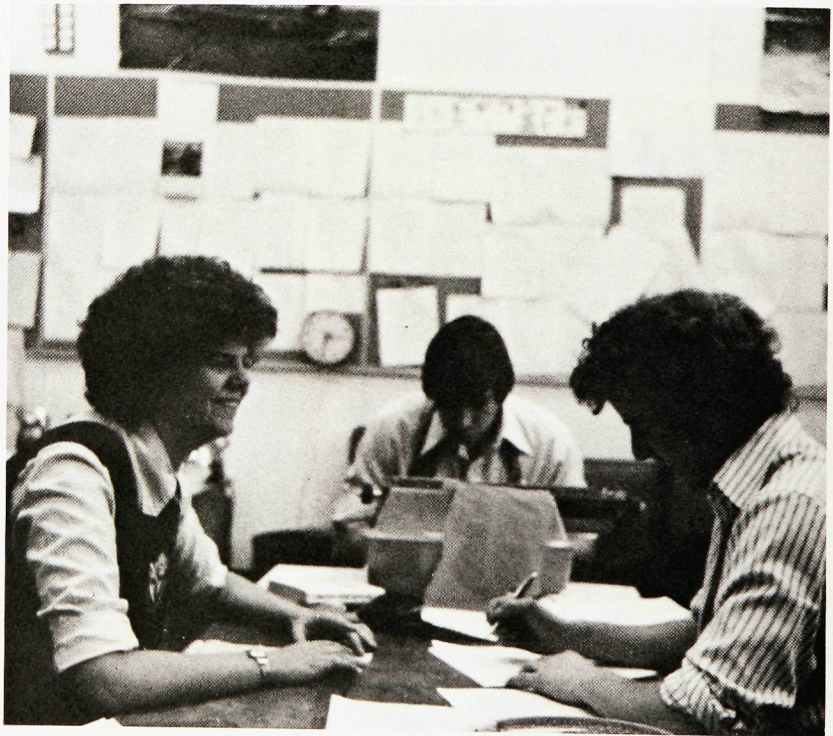

David L. Wold 1973 Head Boy

I wish B.C.S. luck in every endeavor it undertakes in the future.

I am grateful to the friends I have made and the relationships I have established at B.C.S.; their influence has been an integral part of my education.

My involvement in athletics, drama, music and finally as a Prefect, has provided me with an extreme conviction in the strength of B.C.S. as a whole.

I believe that the individuals who sink themselves into the activities and challenges of the school and reject an attitude of complacency towards their education will benefit enormously from their relationship with B.C.S.

Grant Vale 1974 Prefect

Alias Granite. "Would you please shut the door, I'm on the phone."

- Oh no, not another hour and a half of this again!

Granite, you got away with so much with that squished foot of yours, but your sense of humour was always working. If you weren't on the phone with your loved ones, you always had an endless stream of Star Trek models to turn to.

No matter how much you longed to tell some others to go away, we don't want you to.

"I'll see what I can do about it..." you'd probably answer.

Sue Ash 1974

Where oh where has my Gorp gone? Where oh where has it all gone? Sue ate it of course! She also ate the smors, flapjacks, logan bread and everything else that wasn't tied down. I guess she needs the energy for all the work and exercise she does. Tune in next year for the conclusion of "The Monster that Ate Adventure Training."

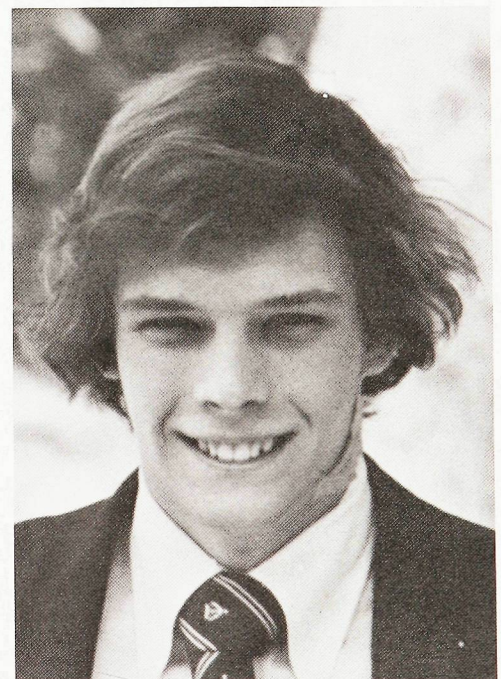

Sixth Form

Evan Ballantyne 1974

C. Evan (background applause) is our form's dude. Jock athlete without equal, he has won several awards for his physical prowess. He also won the Glass House Cup given to the boy who shows the most T.L.C. to that famed house's inhabitants. Unfortunately his er, well, relationship with Sue has calmed him down. Too bad, as 98 per cent of the girls will tell you. Let us not forget academics, actually maybe we had better. Let's just hope that Quasi, that veteran of countless night safaris will be back next year.

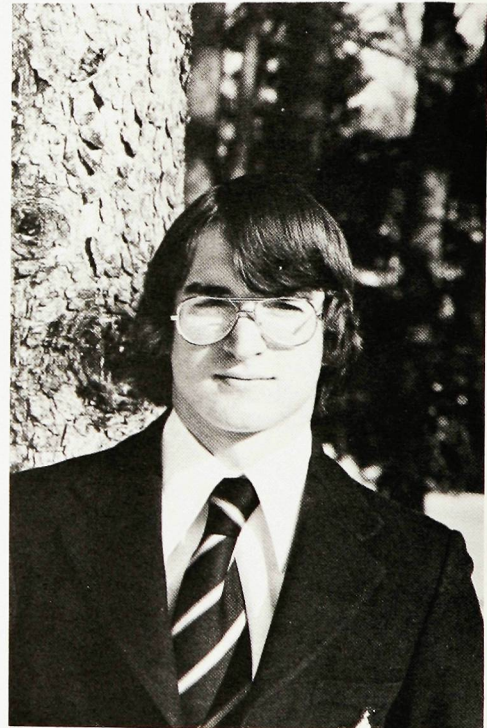

Cally Bentzen 1975

Yes...well...Cally has done so much in the last two years that it's close to impossible to sum up her stay at B.C.S. As a day student she participated in both senior soccer and basketball. She was a continuous calorie counter at school except when it came to a certain Molson or whatever when she became too involved to bother counting. Her laugh can be described as simply unforgettable. Her ability to cope with her friend's problems will most likely get her where she wants to go. Hopefully she'll be returning next year for academic satisfaction as well as to give us another year of pleasure.

Robert Blackburn 1974

Linda Bishop 1976

BORN: February 20, 1960 in Sherbrooke, Quebec.

QUOTATION: "Laughter is not at all a bad beginning for a friendship, and it is far the best ending for one."

FAVORITE EXPRESSION: "It's the pits! "

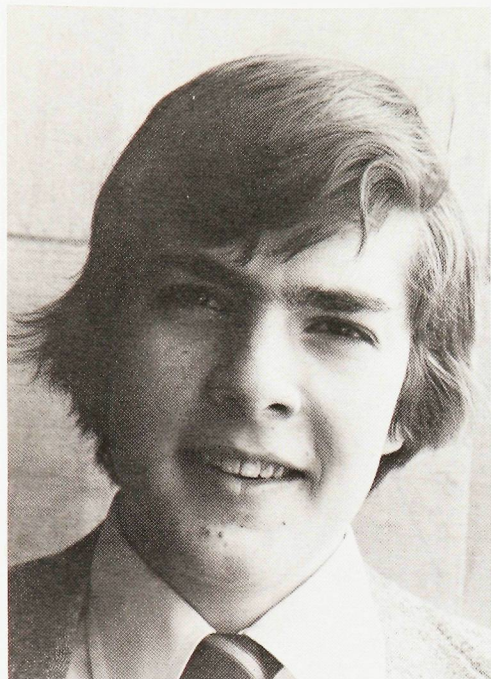

AMBITION: To find an ambition.

PROBABLE DESTINY: Doing Tidy Bowl commercials.

PET PEEVES: Empty mail boxes, breaking up and "wake up".

ACTIVITIES: Choir, soccer, volleyball and basketball.

Pierre Boutin 1975

Boots rolled into B.C.S. in 1975 and was placed in Williams House. Boots proved to be a good boxer in the first term with his American roommate. Boots is a brain in all subjects including English. Pierre was awarded the "French Award" in Willies House. Pierre's sports life consisted of I.H.A. Goalie, Cycling, Cross-Country Skiing and Cross-Country Running. Pierre was the only goalie who managed to score on himself twice. Boots is usually a very friendly fellow who concentrates on sports, studies and French survival. Boots probably won't be back next year, but wherever he finds himself we wish him the best of luck.

Jane Boyle 1975

Jane arrived at B.C.S. and with her she brought the warmth of the Mexican sun. No one will ever be allowed to forget the laugh and bright smile that's always hovering around her mouth somewhere. Duck flutters her three inch long eyelashes (yes, they are for real) and tries to convince everyone that she is quite capable of flexing. Jane put her heart into many teams including Field Hockey where she received a broken finger for her efforts. "A" will carry the scent of "Balel" with him till he dies along with "his" creamy nailpolish. Jane and her art board have also become a familiar sight at B.C.S. There is so much to say about her, but to sum it all up; she possesses the kindest and largest of hearts, and everyone and anyone usually turns to her for comfort. Thanks for always being you.

Love "Moose".

George Brocklehurst 1974

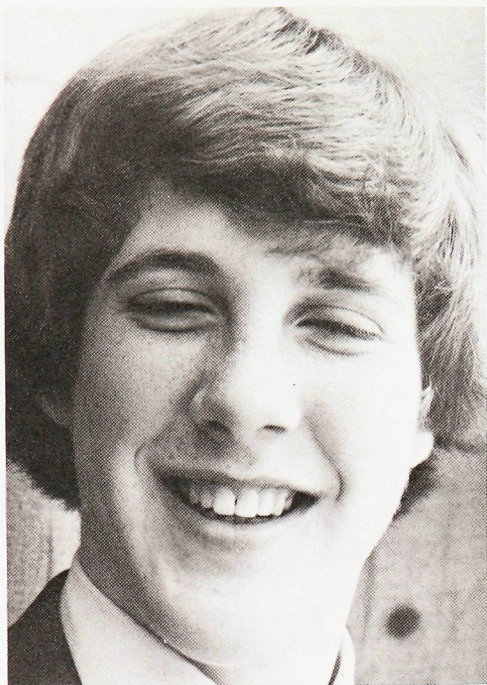

George is a very active person. Being a veteran of three years at B.C.S. he has contributed in many areas of the school. He was an active member of Junior Football, I.H.A. and Rugby. He is also a great fan of the Monday night football games and also of Jerry's. George can be found at anytime in his McNaughton House room working on his Vectors or having an argument with Ivan. We hope to have Brock back next year, but if he does not return we all wish him the very best of luck in the future.

Kate Brown 1975

Kate arrived at B.C.S. and decided to go to Drama. Ever since then Kate has been one of the craziest, funniest and most enjoyable people to be around. Kate's social life is endless and her creativeness is shown in modern dance. Kate is very self confident and is rarely embarrassed but everyone has their problems and Kate's seems to be skiing. Between burying herself in the snow and running over people's legs one just has to laugh with her. Kate is actively involved in almost everything including the play, choir, dining hall duty and yet she still finds time to make us happy and do her academics.

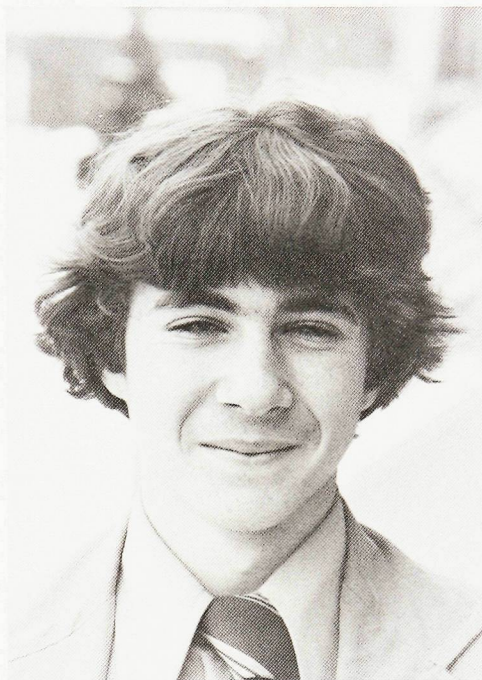

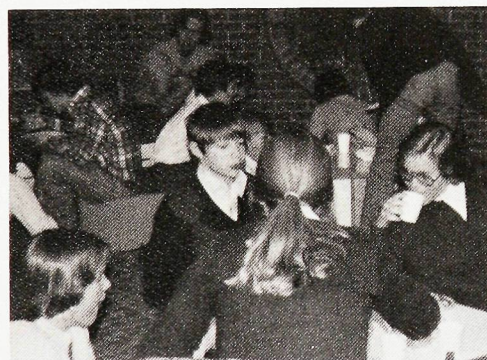

Good luck "Crazy Lady".

Don Brown 1975

Brownie introduced himself as a friendly kid from Canton, New York. All smiles, you never had to worry about being sad or depressed around Don because he just wouldn't let you frown. A hot dog skier and an asset to William's house spirit, Brownie might return to seventh form if we're lucky enough. Orford just won't be the same without that friendly Yank! So long for now, you'll never be forgotten.

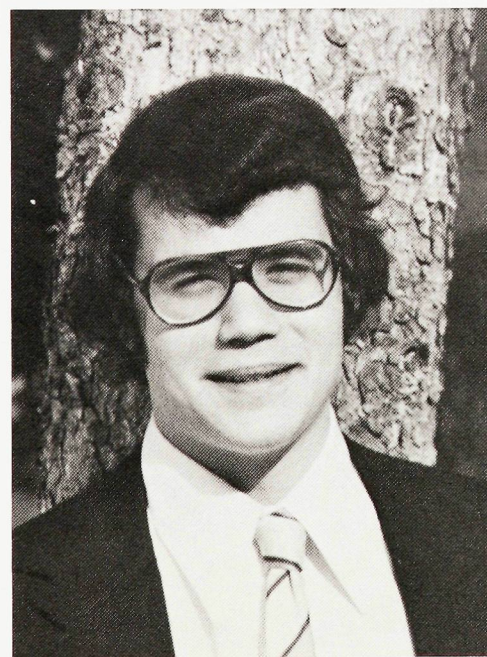

Steve Budning 1973

Steve rolled in to B.C.S. sometime in the distant past. Since then he has squeezed out of anything that ever looked like work. Work Crews, drill, fatigues, you name it, he had the perfect excuse.

"But sir, I'm a day boy!"

Steve's friends say goodbye to him and his Saturday night Specials. Good luck in all you partake Steve.

Blair Campbell 1972

Nature gave men two ends - one to sit on and one to think with. Ever since then man's success or failure has been dependent on the one he used most.

Nancy Caron 1973

It's hard to believe it's been four years. I still remember the first day--"She doesn't speak any English? Are you sure? ! ! " Well you do now, just like the rest of us "blokes". Four years is a long time and a lot of memories. Weight Watchers... We have to go out this Saturday night! ... spring walks after dinner...crazy squash games on Friday nights...Mr. Jones...Fresca and apples...the Crepe...The way to save bus money... Camaros... Claude, Gilles, Donald, Peter and... "My God, you're a spaz! "...the long awaited first team colours...Elle and Lui... the night before exams coffee drinking marathon.

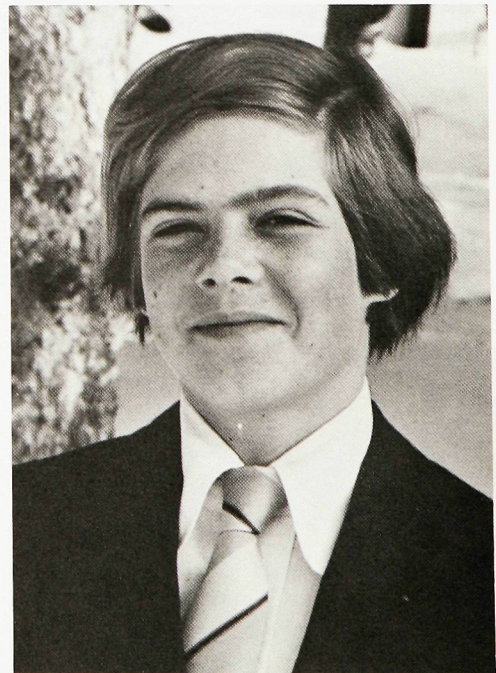

It was great Nance. Don't forget me. Good luck!

Luv, Me.

Richard Coulombe 1972

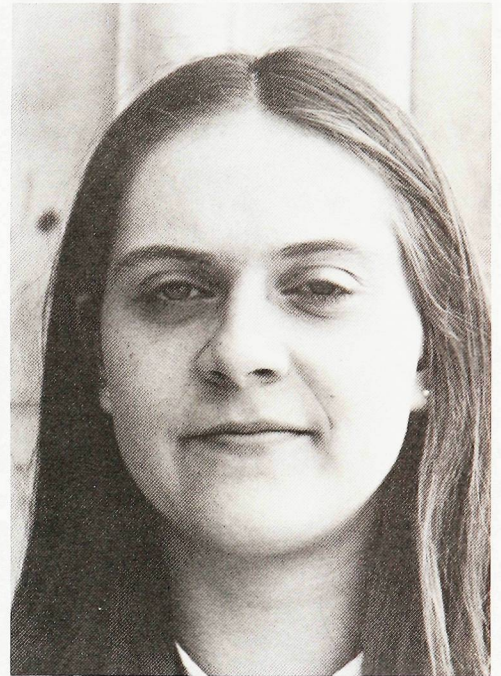

Well you see, the story is about Snow White and the Seven---No, seriously Rich came here five long years ago. He's played football, hockey and has won first team colours in both Cross-Country skiing and Downhill. In McNaughton his head can be seen in the tuck or the woods...woods? Well Big Rich might be returning next year to keep us all company but if not we wish him the best of luck and hope that he keeps on growing.

Louise Decarie 1975

**Victoria
Doheny
1972**

Vicky has been here a long time. During this time she has added a certain lift to B.C.S. school life. She played first team soccer and squash this year. She also had a lead part in this year's school play. One of the last of the first girls, Vicky has been an example to us all, encouraging us to come to B.C.S. with her winning smile seen in newspapers across the country.

Often called the "Strange One" by some, she was the devoted leader of the Fearsome Foursome with some pretty wild suggestions. As her good friend B.F. Ferret once said to me, "You can always count on her to help."

You're a good friend, Vicky! !

**Dynah
Donald
1974**

It was a great year for Dynah, she hasn't broken anything yet. She made first teams and mastered the art of Chem Study. Throughout the year there were always the familiar cries of: guess what, you're not going to believe this; I've got to talk to you; it was so funny; a step ladder! I could see that coming; oh Jane, I'm in love and much more. Hope to see you next year. Until then remember I don't talk to people at three in the morning!

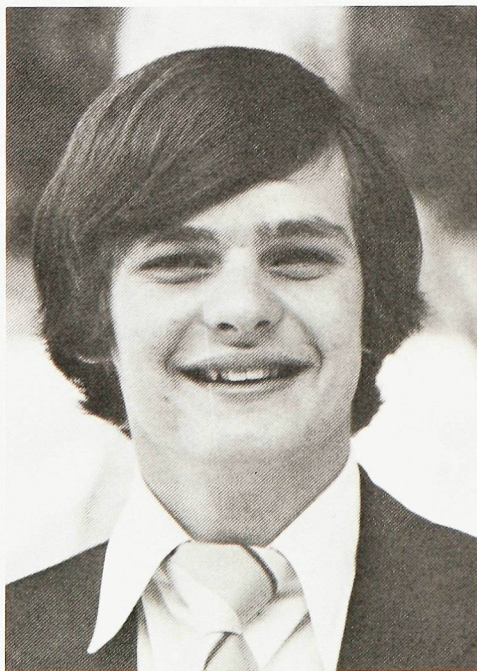

Marc Duquet 1972

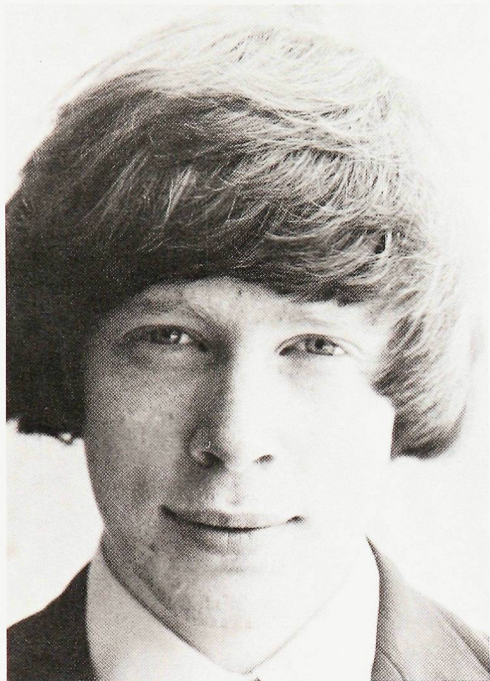

Marc is one of the few remaining second form class of '72. He has played on most of the school teams, but only he knows if he has been successful or not. Speaking of successful Marc, why don't you try asking her out again? It's true isn't it that love is better the fourth time around. It is a good thing for you that life isn't a baseball game because three strikes and you're out. All kidding aside, Marc, we were always glad to have you around as you seemed to know how to brighten up the common room with your jokes(?). Good luck in the future "Chin".

Luc Duval 1972

Luc has been here since second form and it shows. He has played in nearly every sport here, from football to hockey, soccer to rugby, track to touring. Not bad, and he even learned to speak English although it took him four years. Maybe we'll see you around next year Luc to see what else you can learn.

Craig Fields 1972

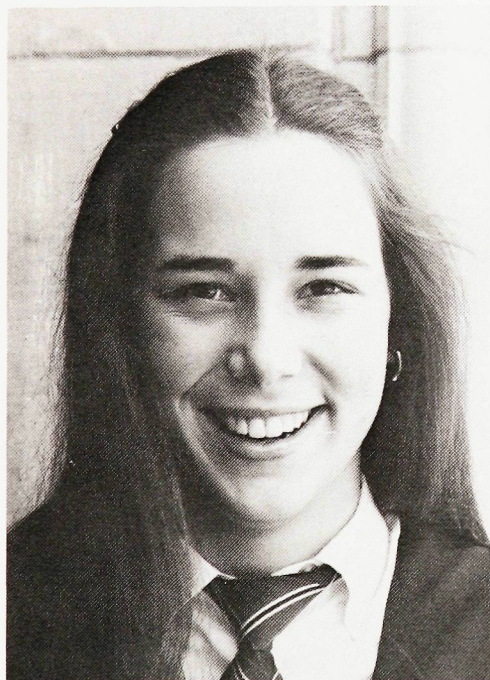

Craig Fields, Esquire came from the bustlin' town of Magog, to prove to us that all country folk weren't dull ... he's still trying.

Craig arrived at B.C.S. with the idea of making a name for himself ... Roy?

Craig arrived at B.C.S. with thoughts of great glory ... second line I.H.A.?

Craig arrived at B.C.S. with hopes of great achievement ... 1976 cross-country?

Craig came to B.C.S. not knowing a soul ... count them all now! ! !

Jay Gilbert 1976

Jay Gilbert, for one only in her first year of B.C.S. life, has accomplished much. She has already broken several hearts with her long hair and brown eyes. Even Pete-Baby seems to have fallen for her. I wonder why she doesn't get a ninety in History? When not being approached, our All Canadian Miss can be found doing one of three things. Either 1) she may be cruising down Mt. Orford while telling you that she really can't ski or 2) she could be over at B.U. skating towards a gold or 3) most likely she is sitting staring at her bracelet, worrying about her MARKS!

Sidney Fisher 1975

Think about it kid, but
don't ask any mailman.

Alain Gilmour 1975

Mr. Gil was advanced a free trip to Italy this year. You may think it was for his high academics but if you thought that you'd be a fool. The award was given to him by Jerry's Pizziria for a total of bills over the year. This bill included over one hundred pizzas and spaghettis, an amazing feat. Alain seemed to be out at the cleaners a lot this year. As if Gil didn't talk enough during the day that he had to talk in his sleep. The only time Alain worked was to get out of work. Au revoir, Gil.

This liberally minded person soon adapted himself to the lifestyle of the new community back in '75. Luckily he was able to hold on to his own frame of mind.

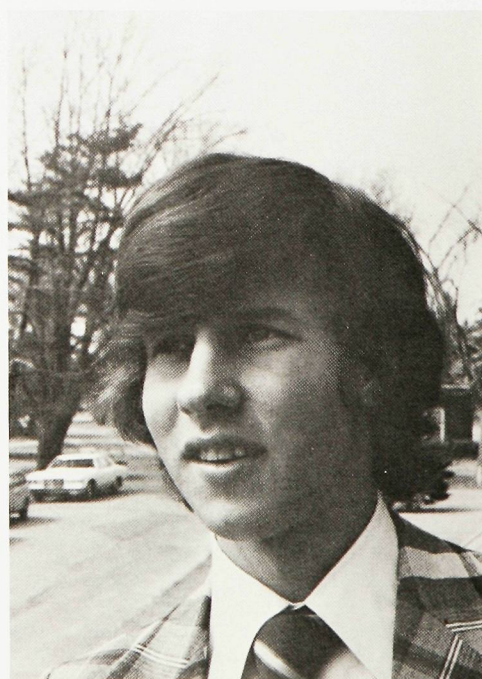

"I had a dream, maybe one day we will all have the same dream."

John Harley 1974

I don't know what to think.

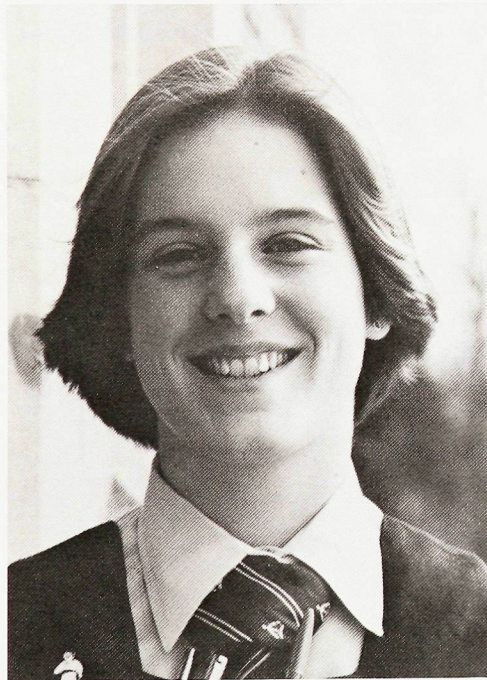

Shaun Henriques 1975

Wendy Hueton 1974

What runs, throws discus, cross-country skies and wears a moss green mask on her face at night? It's a Banana! In her igloo of a bedroom much to the delight of D., she eats her bran in her dogdish with her Snoopy Spoon. Anymore unusual habits? Having water fights, living in the wilderness for days on end, Mt. climbing, talking instead of working on a Sunday or Monday or even a Tuesday afternoon, running to Galt through knee deep snow in waffle soled sneakers and many, many more but we'll have to leave them to the imagination (nudge, nudge, wink, know what I mean, eh, eh?)

Jill Hugessen 1974

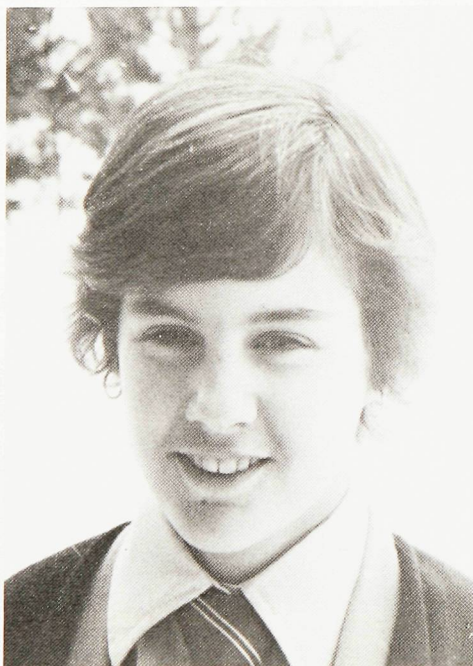

Jill has enjoyed many aspects of school life in her three years here such as making exotic noises on second floor and digging graves with a Gillard House Tye. Her favourite activity though was speeding - "Just un petit noke en passant! "

On the more serious side Jill was a Warden and a whooping crane or at least that's what Dunc says! She was also a active member of the dining hall duty squad (where's Marc?) but they say it was just for the weekend. We hope to see speedette and her tennis talents back next year to keep the Fearsome Foursome together (it's an uphill pastime).

One last word of advice, Jill, stay away from telephones! !

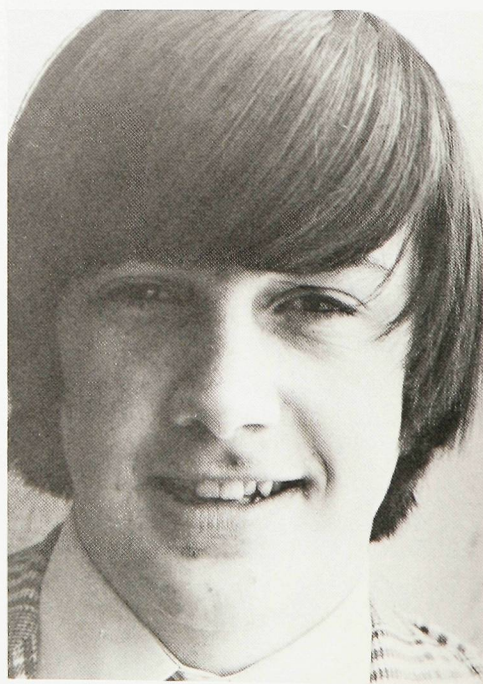

Janet Hutchison 1976

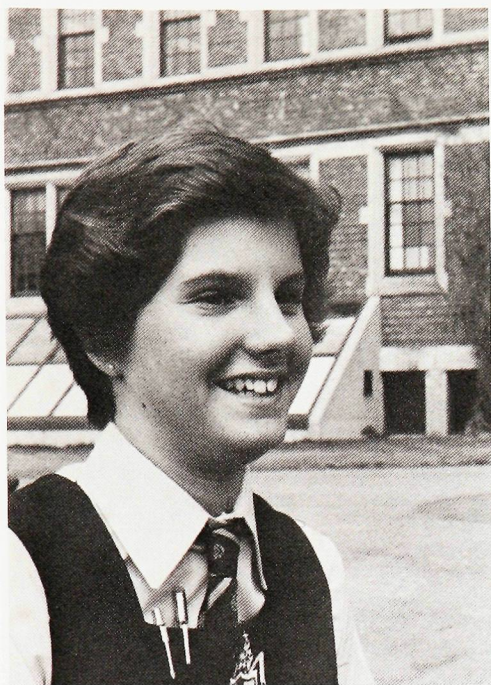

Hutch, George, Jiminy or Mini-Mite, take your pick... Try Nadia? George cartwheeled into Glass House this year with a smile for everyone. Rooming with Bish little Mini really got into the school spirit.

A tiny little centre forward on Field Hockey, she also played squash, gymnastics, and stood in the soprano section of the Choir singing bass! Yet with all this under her hat she also had time to go to Knowlton with Faith and Kate on her academic weekend. Salut ma petite!

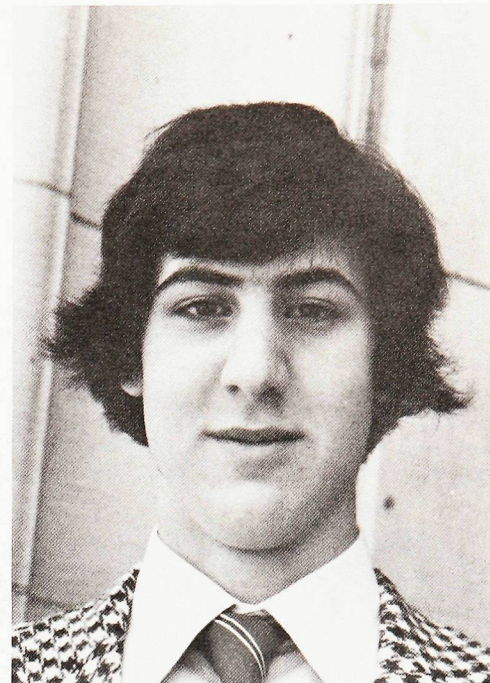

Robert Hyndman 1973

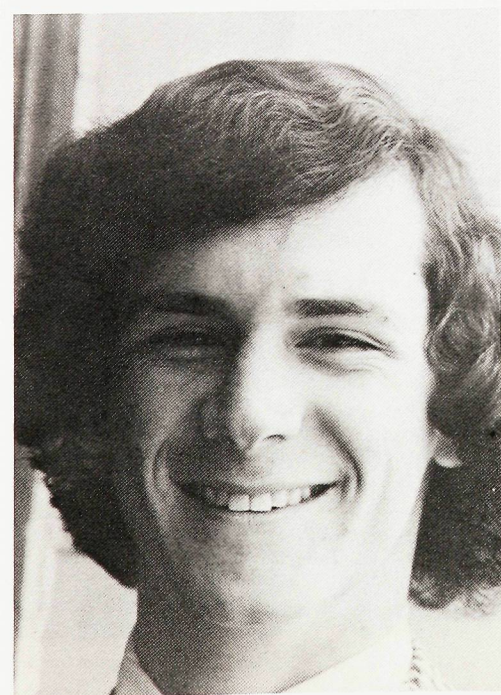

Heather Johnston 1976

Chickee had a terrible thing done to her on her first day at B.C.S. Our poor Hudson Heroine was stuck in a small room with a raving mad-woman. Yet she survives as our resident pro on l'equitasion, right Mr. D.? We just want to ask you one thing Heather, "Could we take you out to dinner?"

Philip Khazzam 1974

Phil (as his parents know him) leads one of the schools more exciting lives. He eats, eats, works, and sleeps among other activities such as... He is famed for his nose and for his ability to down water and orange juice time after time and still stand on his two feet! I guess Phil won't be back next year as he keeps trying to rope Mungo into going to Marionapolis with him for a more liberal life. More sleep, food and drink and less work and boredom. See ya, Snoz!

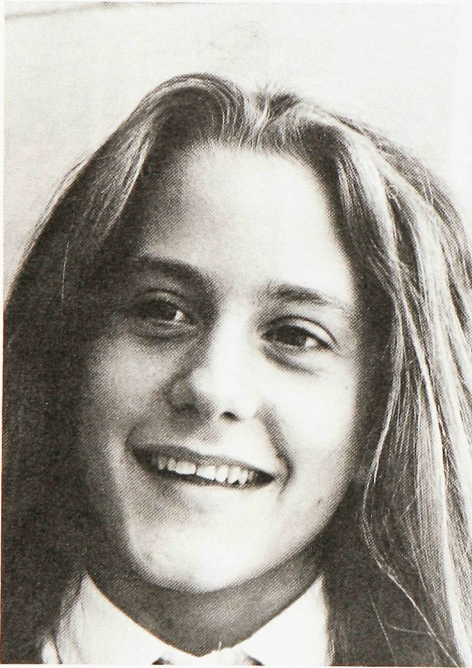

Alex Kippen 1974

A lanky Alex came to B.C.S. in 1974 at 5 feet 11 inches. 5 feet of him we were soon to find out was all mouth. As well as becoming our live comedian and part time boxer, Alex managed to find time to be an animal on three consecutive football teams. He also participated for two years on the ski team and track team and also for a year on Junior Rugby. Let us not forget his four month stint on the infamous I.H.A. either.

This year, however, Alex was diverted from his usual interests by a short blond girl in fifth form. What's in the future for Alex? Las Vegas? He says boxing in the 1980 Olympics. Maybe, but even though Al is now 6 feet 2 inches, 5 feet of him is still mouth. All kidding aside, we wish Kip the best of luck wherever he goes!

Yukitaka Kurata 1974

Yuki came here three years ago not knowing a word of English. Within a week he could say, "Molson, please." As an athlete Yuki is unsurpassed. Soccer and Rugby are his favourites, but he also received top billing in the fiercely competitive I.H.A. I hope Yuki returns next year or it will be, "No more Mister Nice Guy!"

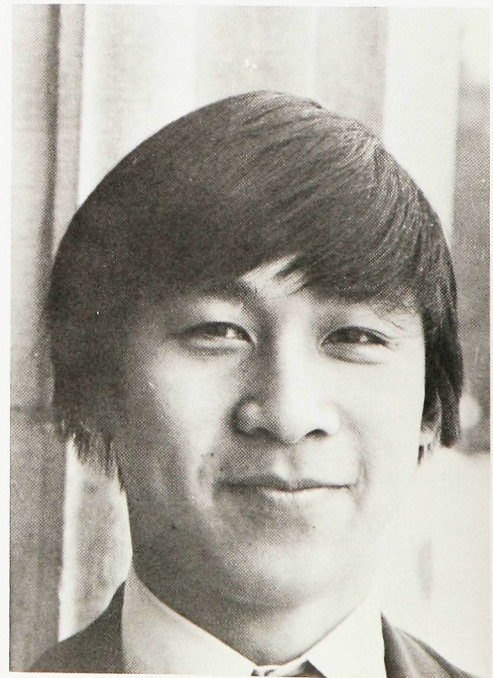

Diane Laframboise 1973

Dyan, Di, Tye, Killer or just plain Diane. She answers to them all, but Tye, we're all wondering which one or who it will be next year? Tye liked to help Jill build houses out of bricks. Tye had her ups and downs. "Melt." B.C.S. saw Tye grow up from lemonade to Orange juice. Those squash week-ends were tiring, eh? Please return Tye, or else the Fear-some Foursome will be only the Tiresome Trio.

Eli Lee 1974

Eli came to B.C.S. three long years ago and since has established himself in many facets of school life. He has heard all the "Me and Marty" stories as he has been rooming with Bill for all this time. This year he turned into a real Grant baiter. Eli also distinguished himself on the athletic fields by making first team soccer. In his three years of I.H.A. Eli has made the top ten scorers twice. In rugby everybody agreed that he had lovely hips. In the academic life... well, anyway, see you next year Eli.

Meg Livingstone 1972

Meg is one of the few that arrived at B.C.S. when it was first converted into a co-educational school. She participated in most sports and this year was part of first team soccer. Her Home Ec. class will never forget her. Meg's dream is to own a steak house that only sells French fries with salt. She is an avid Glass House and Simon supporter, not necessarily in that order. Good luck in the Marines at Champlain!

Denis Malaket 1975

Back in the woods at Williams House
Lives a loud little guy who looks like a mouse;
He tried to be cool but succeeded not,
So he cooked up a hero, Luc Chabot.
His accent is thick,
His jokes is all sick,
Now if you are asking, who could it be,
It's simple to tell: it is little Denis!

Mungo Marsden 1974

You thought the big three were China, Russia and the U.S.A., right? Wrong! Ask Mungo; he'll tell you just who rates. To sum up Mungo just takes four lines;

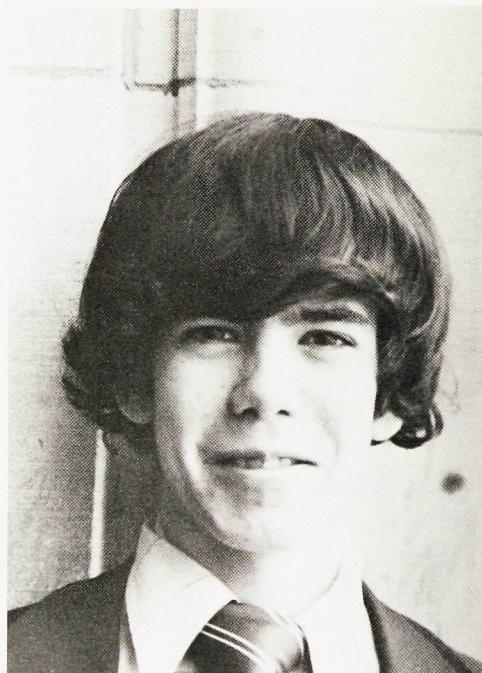

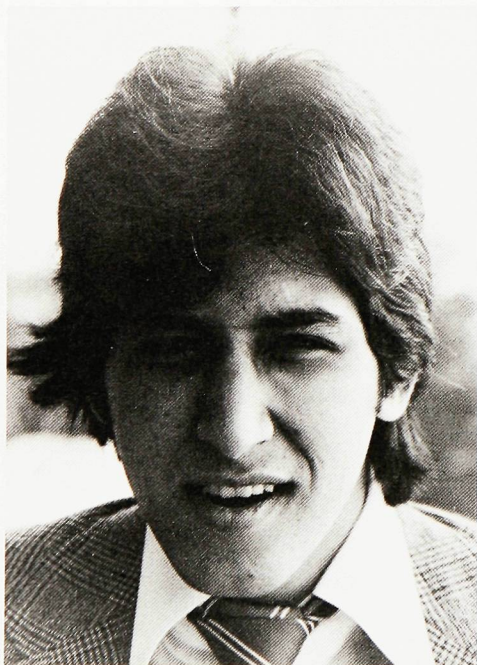

"You've got to have faith! "

"Kneel, son, and I'll knight you."

"I think you'll laugh at this! "

And his favorite,

"I'll drink to that! ! "

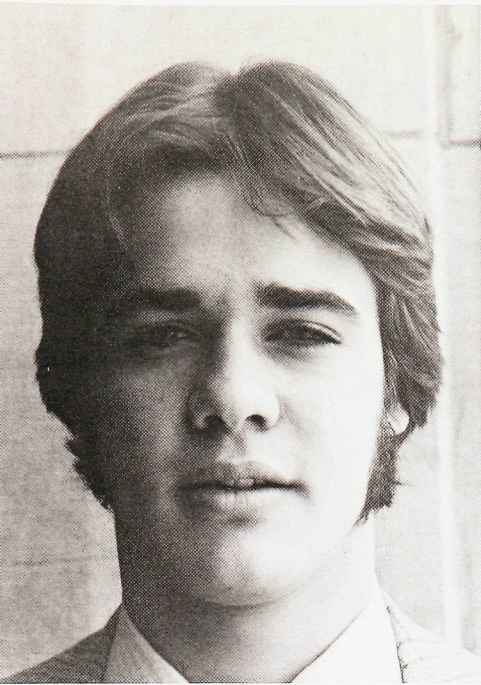

Alfredo Matos 1976

Timothy Matthews 1976

In this corner, BCS, weighing in at 286 students. In this corner, Tim, weighing in at 1. In the beginning it looked like a sure KO. If this was a report of Tim's early victories over BCS, the page would be blank. The report on the achievements of BCS over Tim would look like an encyclopedia. But Tim has come back punching and has scored many points (Eh, Geoff?). Playing Defensive Tackle on Juniors was hard while a star in IHA was fun. Coming back, Tim will probably break two things: a record of 51 goals in 25 games and his loving roommate, Woodside.

Ivan Morales-Bello 1972

Ivan, alias King Snake, is well known at BCS, partly because he is the only Venezuelan to last all the way from 2nd form. Ivan has never failed to keep us awake with his late-night parties, snakes, and many girlfriends, and of course his many stories about Laura. His athletic abilities have helped all of the teams that he played on. His favorite pastimes include shooting (no kidding!) in the range, beating up Brock, or Mandingoing up to Gillard at night. Come back next year, Ivan, so we'll have someone to toast. By the way, I'm just going to take a shower, and then I'm staying at your place for the night.

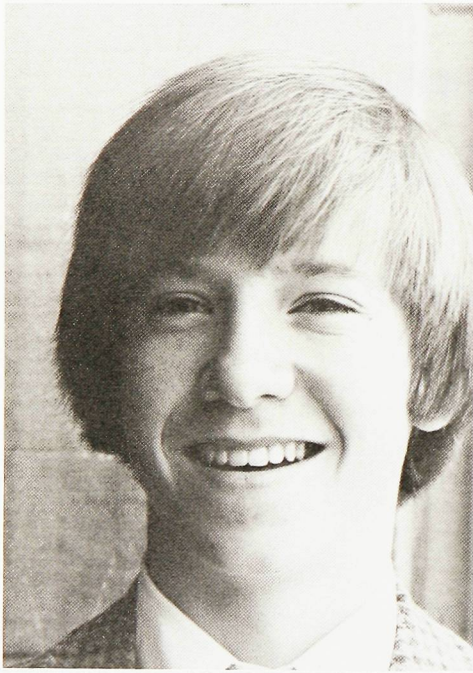

Helen Morgan 1974

Helen, Mexico's secret weapon, has been holding Communist meetings after choir for the past 3 years. Previously concealed behind long blond hair, her true identity was revealed when she was caught by the Indians.

"Are there any questions?" the conductor asks. A blond-haired little boy in the first row raises his hand and asks, 'How far to Mexico?'"

Dylan

Robert McCarter 1974

Rob has been here three long years. He came as a fourth former and got stuck in Chapman House. This was a great advantage for Rob as the long walks to and from school kept him in shape for sports. Robby learnt a lot his first year, especially between 10:30 and 11:30 p.m.

Rob has moved up now in everything which presents new challenges, including speaking Yugoslavian. See you next year, Robby.

Heather MacNab 1973

The "Codfish" arrived four years ago only to become another mad Gillardite. By now we all know where to find her if she's not gossiping, working or making noise - down at Tuck. "I can't work without eating!" Although she doesn't seem to worry about her waistline, we all know that she is very conscious about her (rather minimal) height. It doesn't seem to bother a certain acquaintance at home so why worry.?

Taking Adventure Training last fall suitably rewarded Heather's courage with many memorable experiences(? !). On C.C. Ski, first her ankles, then a cold...

Now it's goodbye to a good friend and good luck. Don't dazzle too many people with your "blue eyes."

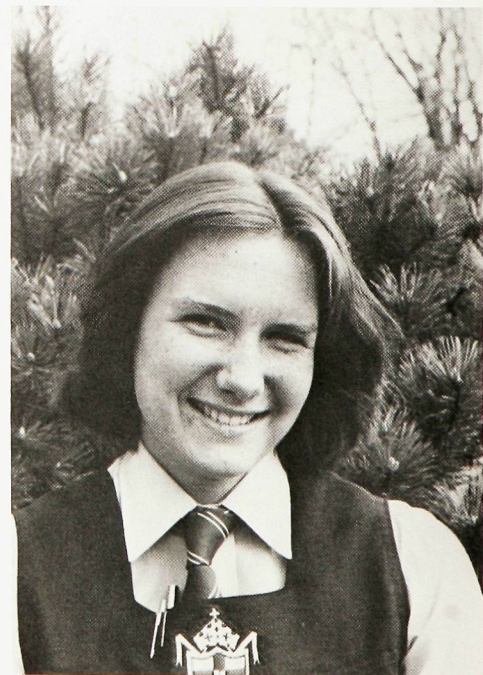

Kathy McGee 1974

Kathy dribbled her way into B.C.S. from out in the sticks somewhere. How are the eskimos out in Port Cartier doing? Kathy, do you still remember; coaching the pizza Queen; drape slush; SKOTEX; McDonald's; Neil Diamond; driving; that gorgeous haircut (??) and your constant lateness? I'm sure those memories will remain with you for a long time.

Kathy was a good kid, willing to do almost anything. Among her accomplishments were, Academic tie, Best Female recruit and promotion to a Sarge and sports awards. What can you do about these perfect people?

P.S. Don't forget your convex's.

Caroline Noyes Roberts 1975

"And each day I learn just a little bit more.
I don't know why but I do know what for.
If we're all going somewhere, let's go there
soon.
Time has got no title, just minutes and doom."

Suzanne Ouellet 1973

SOSM arrived completely French for Fourth Form and this year she is learning even more French than before. I mean, what can you say about a person who drinks Pepsi out of a licorice stick?

Her talents were not only restricted to basketball, skiing and functions but also to Chapman, McNaughton and Smith House.

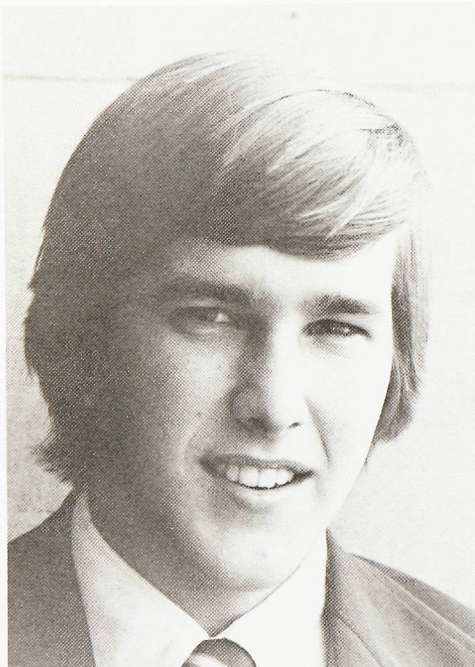

4, 4, 4, and more 4's.

She will never forget Bamboo, bridge, shack, field, room 414, those four hour long late nights, her first time out of Quebec, the Church parade and certainly not those away trips with Senior Hockey.

Where will Miss Baie Comeau turn up next year? Carleton possibly? With the elimination of those two hour, long distant telephone calls!

Good luck in the future Suzanne,

Love Chickie.

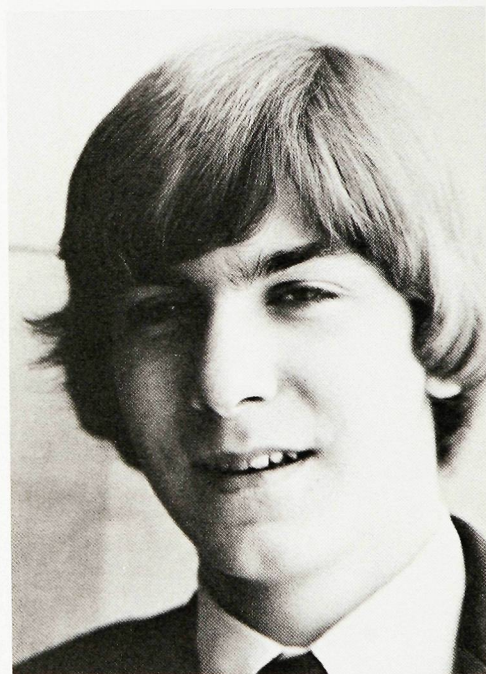

Roderic Payne 1975

Rod arrived at B.C.S. two years ago. Since that time he has settled in well, utilizing his talents in academics(?) and sports? ? Being a star on the Intramural Baseball squad has not changed Rod. He's still as complacent as ever. But what has changed him is the gruelling pace he sets for himself. After all, is waking up at eleven in the morning easy? Wherever you go Rod, we wish you luck, and remember, Jerry's is only a phone call away! ! !

Lloyd Poirier 1975

Mostly I'd just like to correct a few lies about Lloyd. He never once actually blew up the entire chem-lab, nor did he actually snore during English class (he's a quiet sleeper). He's also Chapman's track and field man, as well as the Ant-man's alter ego. Come back, or who will teach Beastie English?

Ian Pritchard 1976

Over the year there were some pretty wild times: running the movies; challenging the trails at Sutton; Mark's; I.H.A.; "you can get anything you want"; french fries with sauce, coffee and coconut cream pie please; Dave and his accurate cookie throwing; I still don't remember Geoff coming over; the laughing room; black-footed ferret; funny looking pizza; scrambled eggs; no woman, no cry; we just wrecked another room; 35 cents and we can get rid of him; don't understand? That's because we are far from NORMAL.

Philip Provencher 1974

Enamo came to B.C.S. in 1974 as a day student and was assigned to William's House. As well as being an avid freestyle skier, Enano also showed his talents in Junior Football and Rugby. His midgetness proved a success in the legendary over tackle lefts. Dutchie did his best to be tall. His 5 inch high clogs made him stand almost 5 feet tall. Enano will be back next year with his fat ties and famous saying, "Brown... Brown... Oh shut up! ! !"

Bruce Rodeck 1973

Bruce doesn't spend all of his time glued to his Math. In fact he was Captain for Junior Football and watched merrily as pass after pass sailed over his head. In the winter Bruce managed to make First Team Hockey. Unfortunately, he was much more valuable to the team the first couple of games than later on in the season. Poor Bruce!

Outside of sports and academics Bruce was a rather quiet, easy going guy except when muffling his roommate's chanter or his roommate.

I'm sure whatever Bruce does in the future he'll do it well, leaving it to the last minute as always. Bruce might be back for Seventh Form, at least Mr. Badger hopes so!

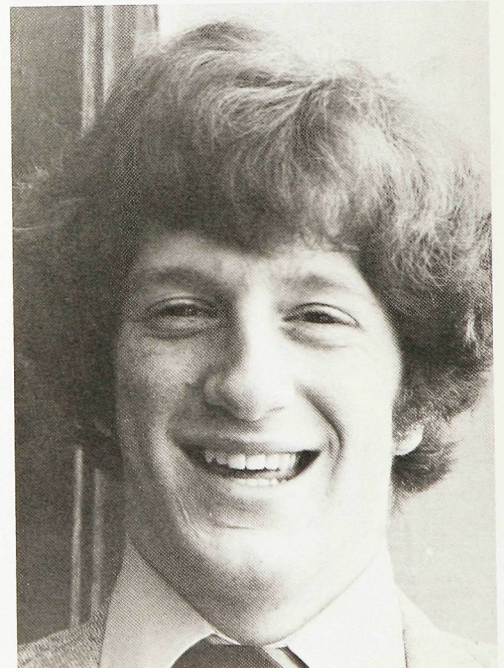

Daniel Scheunert

1973

I've known Danny S. from 4th form and Room 3. You've come a long way, baby. Yes, the ant man has graduated to Pinta and cocktails at the Chapman House Bar and Grill. He's gone from Commie to Fascist and from Bantam to Senior in every sport. Naturally he's not all athletics; ask Bates about who pushes the most in Geog. It's been a good time, Danny, and by the way, pick me up uh, oh, never mind!

Mark Setlakwe

1973

Sets, alias the towering inferno, blazed into BCS in 3rd form. He's been the best Jun. on every team since. Good old Sets believes in 3rd time lucky; his dad believes in 3rd time dead. His biggest moments at BCS was this year's Tea Dance. Seriously, Sets is never serious.

Giulio

Schiff

1976

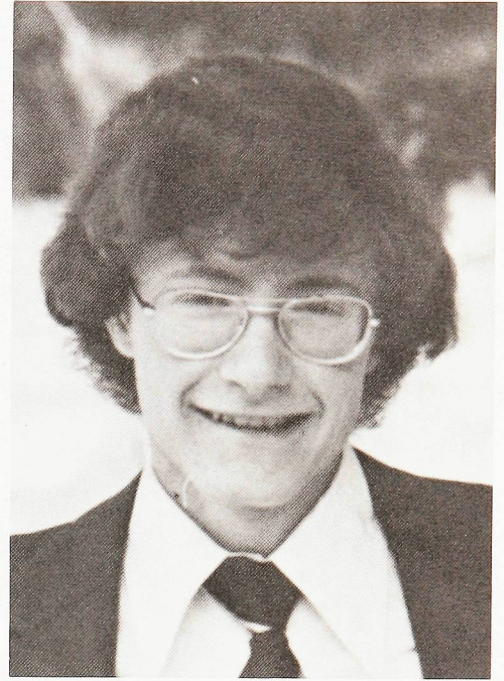

The Godfather III arrived this year and has definitely made some changes in our tranquil Chapman House life. Between his 'homeworks' and social ambitions (?!?) he has kept strict control over himself as well as his employee, Van Schaik. Italians are born with a certain flair for women, or so we thought until Giulio arrived. Luigi made us realize that not all men with guns are bad and we hope that Giulio will return next year. (Giulio, Chanel for Men isn't going to solve your problem!)

Steve Shaw 1974

Dear Steve,

I'd like to pass on some words of wisdom to you but I think somehow they would be worthless. If you keep your head screwed on right, like it is now, and remember to enjoy yourself fully over the holidays I think somehow you'll make it. Take care Rat!

Love S. and S.

Frances Sheridan 1973

Everybody's been burned before,
Everybody knows the pain
Anyone in this place
Can tell you to your face
Why you shouldn't try to love someone.

I know full well how to turn, how to run,
How to hide behind the bitter wall of blue.
But you die inside
If you choose to hide
So I guess instead, I'll face you.

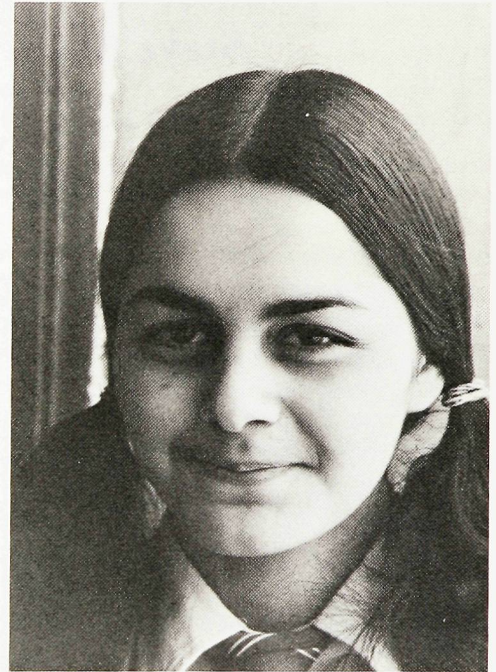

-Crosby

Susan Sourial 1976

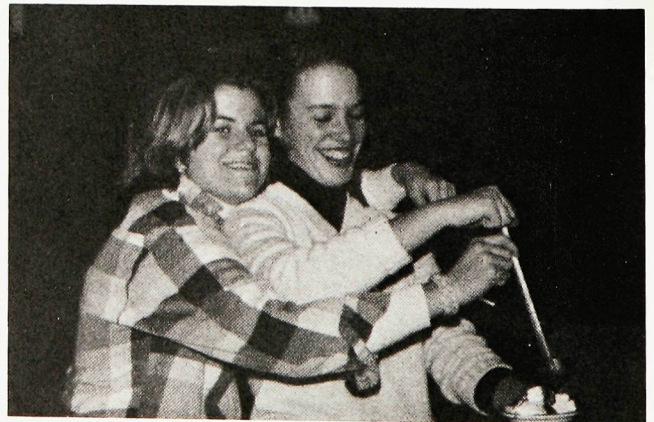

The innocent kid with the Granny glasses isn't so quiet once in Glass House. Here, she makes smart comments and throws her glasses at anyone who comes near. If she's not working she is found listening to Meg tell of her exciting life in Lennox, or at B.U. with Jay. And we can't forget, "When you eat your Smarties", cookie burials, where is the ski patrol when you need it, etc., etc. If this was a preview to next year, we can't wait. Nudge, nudge, wink, wink.

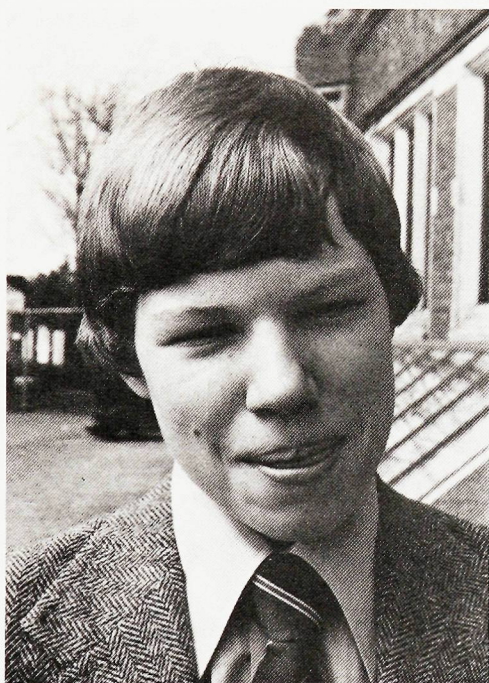

Richard Tait
1976

For my first year here, I, Morsa the tusked, found that commuting between two coops is tiring on outtashape people. It's been good year; I got cut down by the best, learned some, and got a little more into shape. On the serious side it's to make it to 6th form so I can fly. Zooooo wasn't bad and no complaints about the Ogre. And for my friends (?) who intend to become economists, CATCH-A-TORY!!!

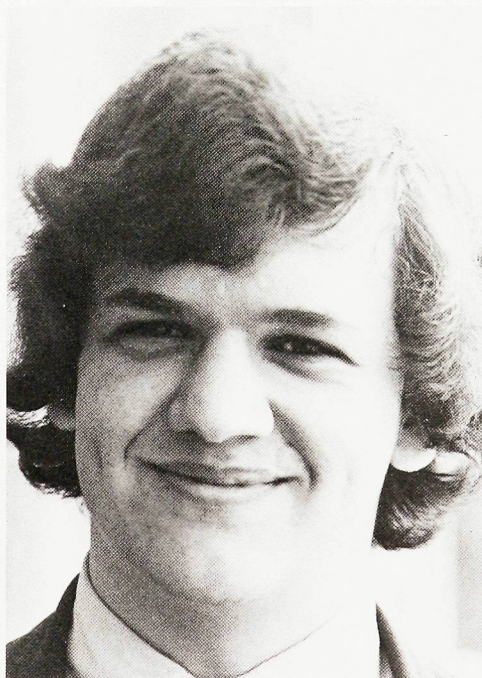

Carlos Tudela 1973

Carlos, or "Moose", is difficult to describe. Being one of the members of the Spanish, his animal sounds added to B.C.S. so that visitors would often wonder if they had taken the Granby Zoo exit. As a member of first team Rugby and Football he was much dreaded, and posed as a constant reminder that the Sherbrooke General Hospital is near by. After four years at B.C.S., we now understand why Venezuela tried to unload you off on Canada! It's lucky for us that we've got a boxer to handle you and a horse for you to ride! Anyway, Moose, wherever you end up going in the years to come, we wish you lots of luck!

Andre Van Schaik 1976

Van Shakey came to B.C.S. from some obscure northern town just to bug Luigi during prep. Believe me, he succeeds. Shakey is also a hardened pro from Adventure Training; (My name is NOT Betsy-Wetsey! !). Good luck wherever you go André.

Anthony Vodopivec 1975

Vodpumpy arrived two years ago as our very own Eskimo delegate from Val d'Or. Between shaving cream fights and his morning runs Tony enjoyed B.C.S. so much that he returned to become a SENIOR. Tony's humor is always there when needed (and when not!). His interests are skidoos & skidoos, not to mention eating, sleeping and academics(?). He puts sincere attention into work. We wish him success ...

Michael Weir 1972

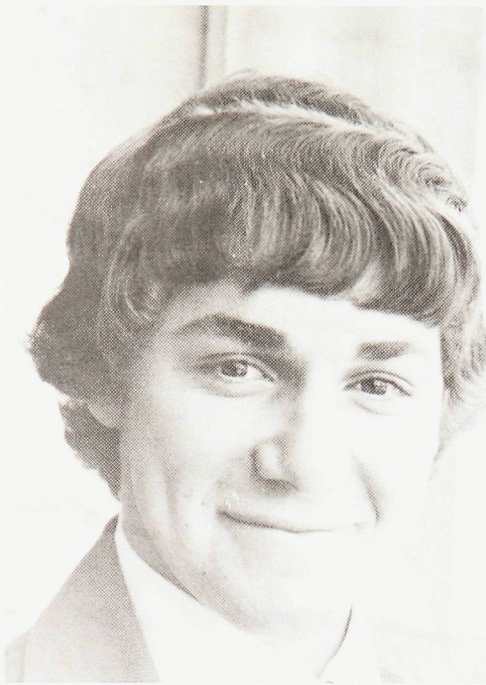

Who's that on the green?
Who managed a club?
With Christian was oft seen?
Was Gilbert's own sub?

Who let in that goal?
You know, of course,
Who else is so droll?
It's Michael, the horse.

Catherine Williams 1975

Catherine has smiled her way out of many tense situations at B.C.S. Last year she contributed deeply to the prefects and this year remained relatively devoted. With her petite mouth and fetish for cranes, ferrets and monkeys, she is a must for Glass House.

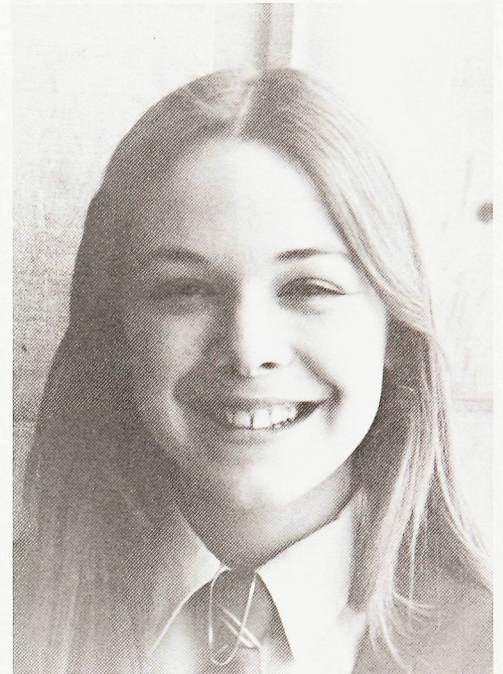

Richard Woodside 1975

This year was Richard's first at B.C.S. He was drafted to Chapman House where he soon learned that boarding schools can be a lot of fun at times, but at others there sure can be a lot of work, even at two o'clock in the morning. He used to have about five quarts of milk in his window but when he discovered laps were handed out for this he transferred them all to Shake's window. He did manage to make Jr. football and Sr. hockey and we hope he'll be back to continue next year.

Nancy Wright 1976

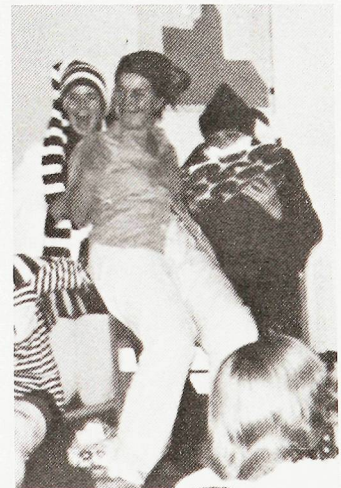

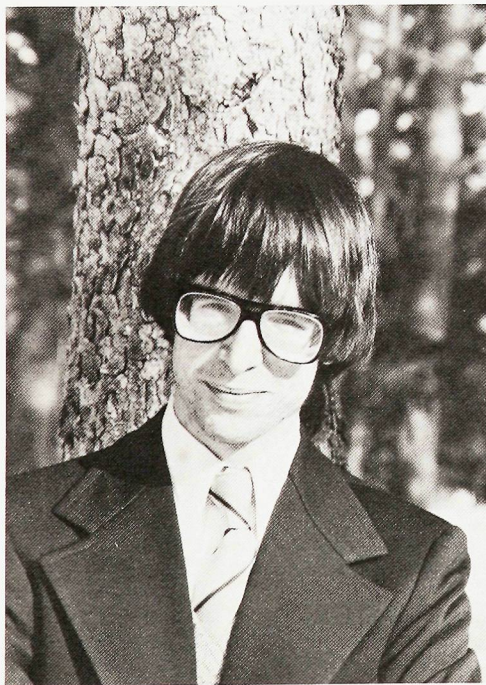

Nancy Wright? Absent, sir, It figures.
Time to hand in your B.S.C.S.
Sorry sir, I wasn't here when you gave it out.
It figures.
Where's Phil? Absent! It figures.

Stephane Zarov 1974

If you want to hang out
you got to take her out
If you want to get down
down on the ground ...
She don't lie
She don't lie
She don't lie
If you got them blues
you want to kick them
when your day is done
you want to run
She don't lie
She don't lie
She don't lie
If you think you've gone
and you want to ride on
Don't forget this fact
you can't get back...

Fall Sports...

Senior Football

This year the First Team Football was a young team composed mainly of rookies. There were only two veterans this year, Captain Serge St. Jean and Big No. 53 Carlos "Moose" Tudela. Our offensive line had great rookie potential, consisting of the two Marks, Hantho and Duquet, Peter Provencher, Hal Phillips, Serge St. Jean, Ian Stephen and, last but not least, our large center Blair (Bubbles) Campbell.

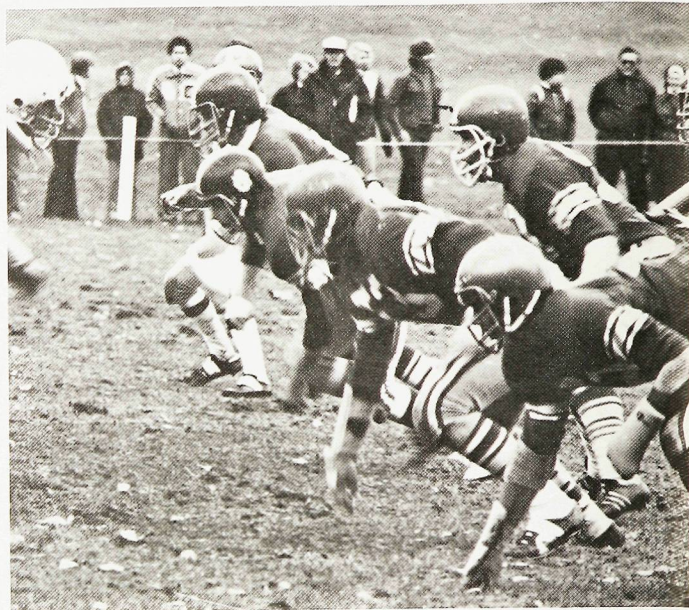

In spite of this impressive list, the main strength of the team came from our spectacular defensive line. This included such players as, Carlos Tudela (who mumbled his way through each game in incomprehensible, broken English), Serge, the all too modest powerhouse Alex "too tall" Kippen, and of course the fleet-footed Robert Blackburn.

This group of linemen was rivaled only by our linebackers Hal Phillips, Ivan Morales and Marc Duquet. Along with these were our other defensive superstars such as Evan (Dragon) Ballantyne and Jono Howson.

Our offense was led by a potentially good yet inexperienced quarterback by the name of Danny Scheunert. He, along with Captain Mark (Red) Setlakwe, Dave Molson, Brent Dorion and Marc "Speedy" Bibeau, all very talented backfielders, were responsible for our point total.

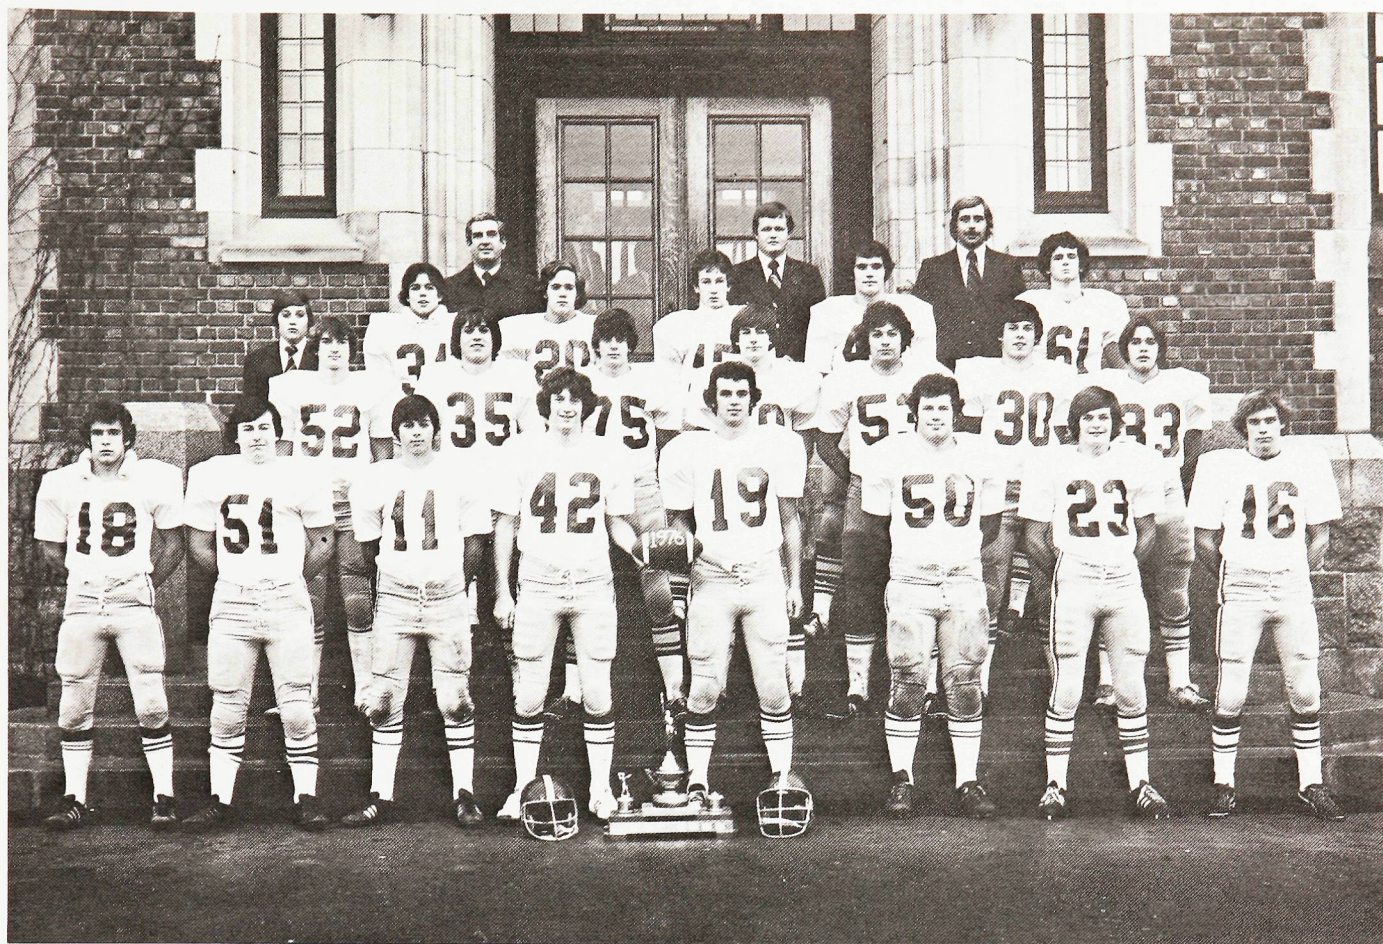

In spite of all this talent our team played only a disappointing, mediocre season. Often we called upon the saving grace of our punter Geoff Scott's foot to bail us out of our end-zone.

Individually, we were a good team. However we were not consistent enough with our talents and could not pull our act together often enough. The season was not a complete loss as we came second in the E.T.I.A.C. Football League and also won back the Senator C.B. Howard Trophy from Stanstead. This same team with more experience should produce in the future what we all expected this season - a championship! Thanks to our coaches for their hard work and we look forward to the coming season.

FRONT ROW: J. Howson, P. Provencher, D. Scheunert, M. Setlakwe, S. St. Jean, H. Phillips, L. Duval, E. Ballantyne. SECOND ROW: R. Blackburn, M. Hantho, I. Stephen, M. Duquet, C. Tudela, B. Dorion, I. Morales. THIRD ROW: A. Gilmour, R. Garneau, D. Molson, M. Bibeau, B. Campbell, A. Kippen. FOURTH ROW: Mr. J. Cowans, Mr. J. McClintock, Mr. D. Campbell.

Senior Girls' Soccer

With a lot of training, conditioning and complaining we proved that anything was possible, including coming first in the E.T.W.I.A.C. Soccer League. Many thanks to Mr. Bateman and Smedley for helping us to become that winning team! !

FRONT ROW: Dynamite Diane Laframboise....Here she comes-squeak-Can she kick that ball? -Click-Wow, what a goal!
 Nibble Nancy Caron....The girl who came back. And how!
 Saintly Sarah Grass....The girl with two feet and they both kick.
 Crafty Kathy McGee....The break-away specialist-everytime.
 Dashing Do-Do Monast....With her own supporters club (All male).
 Dramatic Daniele Simard....Even the refs can't resist her.

SECOND ROW: Colourful Karin Keeley....Save the day at Richmond.
 Laughing Linda Bishop....Go Bish, I mean Galt, I mean B.C.S., I mean Linda Bishop. The kid with all the winter clothes on.
 Hustling Heather Pangman....Left side, right side, defense, half. Leave it to Heather.
 Versatile Vicky Doheny....Nets, defense, wing and a great smile.
 Capable Kim Teron....What control, what poise, pure poetry.
 Decisive Dinah Donald....The throw-in champ of the townships.

THIRD ROW: Mr. J. Cowans, Tempting Tina Pinck....Even the rocks all adore her, eh, Smedley?
 Likeable Louise Decarie.... How are the fingers, Louise?
 Jaunty Jill Hugessen....Oranges/Efficiency/Lists/Efficiency/Soccer Balls/Efficiency/Efficiency/Eff...etc.
 Mercurial Meg Livingstone....Champlain didn't scare her.
 Cool Cally Bentzen....Taking it nice and easy on the wing.
 Sporty Sue Hibbard....The girl they loved to watch.
 Mr. Bateman....The coacheast with the mostest.

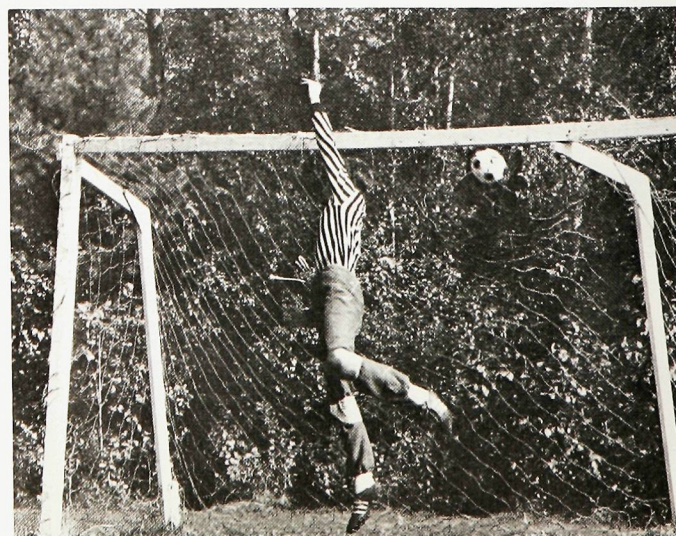

Senior Boys' Soccer

A championship season-almost. The senior soccer team bit, scratched and pinched their way to the top of their E.T.I.A.C. standings before being overcome by Galt on the basis of two tied games-something Coach Milner is still baffled by. Charlie and Dave huffed and puffed through the warm-ups every day while the rest of the team tried Yuki's new exercises such as the Japanese jumping jack which requires absolutely no effort at all. The team also engaged in such activities as puddle-diving, goal post climbing and tackling Mr. Milner when he tried to run the windsprints with us. The success of the team can of course be credited to the outstanding effort shown by all the old veterans as well as the newcomers and substitutes. In fact, the only people more enthusiastic than the manager were the MVP and Coach Milner himself.

FRONT ROW: D. Wold, R. McCarter, C. Fournier, G. Ho, F. Viniegra. SECOND ROW: R. Hyndman, C. Fields, P. Laframboise, N. Cunningham, R. Tait. THIRD ROW: Y. Kurata, C. Paine, B. Ogilvie, T. Ballantyne, S. Henriques, D. Malaket. FOURTH ROW: E. Lee, G. Landry, Mr. J. Cowans, I. Pritchard, Mr. P. Milner, S. Stiegler.

Field Hockey

Field Hockey had a hard time getting started this year as the nine war hardened veterans tried to break in their new coach and six rookies. Once this task was completed the team began to shape up.

The highlight of this year's season was going to Toronto to play in Havergal's tournament. We had a great time although we didn't fair too well in the tournament.

Miss Mo had a few things to teach us before our own annual tournament. We did exceptionally better at our tournament placing second and receiving a dinner invitation from our coach (we're still waiting for the dinner).

Our team, like any other, has its typical memories of teammates: Catherine and Tara always asking, "How much

time left in the game? ", Stuch getting off crease with the feeble excuse, "I can't go to crease, my double jointed ankles are acting up! ", Suzanne and her complaints of a sore body from too much exercise, Joe screaming, "Come on you guys, get serious", or Heather yelling, "Super! - Super! ".

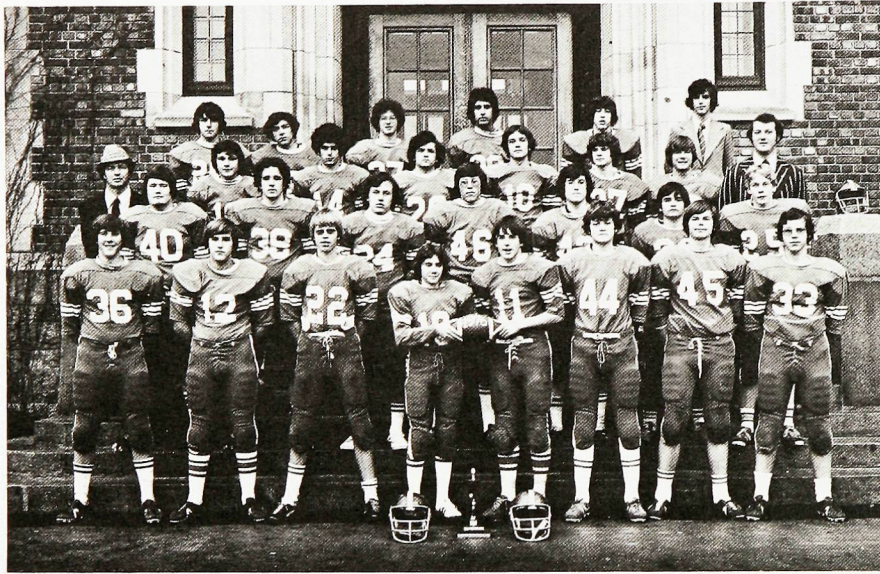

The other half of the team, however, was much more enthusiastic with Lelia running down the field posed as the Blond Bomber or Leslie our very own star Quarterback. Then there was Lisa and her laugh(?), Janet, well there was Janet if you could ever see her and last but not least there was Mike, our most efficient Captain. Thanks to Miss Mo and Mike for a most enjoyable season.

FRONT ROW: C. Williams, L. Lynch, T. Stoker, C. Noyes-Roberts.
SECOND ROW: Miss Moralejo, J. Boyle, J. Caron, J. Hutchison, S. Ouellet, L. Nakash. THIRD ROW: J. MacLeod, A. Stuchbery, J. Roots, H. Johnston, E. Boyle.

Junior Football

FRONT ROW: D. Brown, R. Payne, B. Rodeck, S. Budning, D. Mitchell, K. Rodeck, D. Keeley, M. Weir. SECOND ROW: R. Clinton, M. Blair, P. Provencher, T. Matthews, G. Brocklehurst, M. Morales, M. Randle. This year, Junior Football was supposed to be a building-up year. We had only two veterans from the championship team of the year before. There were also a few people up from the bantam team, but most of the players were new-boys who had never played any football before. So we got off to a very slow start but before we knew it we were number one. We made some changes here and there and began to pick up. We wiped Stanstead 34-7 thanks to two unexpected fumble recoveries by one of our more terrifying linemen. We then beat Séminaire Salesian's senior team much to our surprise. From there we went on to beat Massey Vanier 33-0. The highlight of our season was a hard fought game against Galt which we came out as the stunning victors 26-13. We won the league championship once again. Unfortunately, we closed the season with a tough loss to Ashbury 21-19.

We would like to thank Mr. Badger and Mr. Colville for moulding us into a great team. We would also like to thank Mr. Badger and Mr. Colville for moulding us into a great team. We would also like to thank our permanent spectator, Mr. Budning.

We had a rather sloppy start to the season considering we lost our first two games. However, we managed to pull ourselves together and tie Sacred Heart. Then we went on to win our last three games.

Coached by Rev. Roberts with his special after-crease tips, and "Uncle Grant" with his cute perversion ("you love it! "), we persevered and made a team out of: our Captain and center forward Sarah Stairs - ole Pudge, she tried hard; assistant captain and goalie Cathy Webster - with those winding saves; left wing Jill Badger - and her famous near misses; right wing Shelia Ward - and her fluke goals; right inside Caroline Younger - with her penalty shots; left inside Lexie Hope - and her fancy left footwork; right wing Heather Calder - the outstanding dribbler of the team; right half-back Jennifer Jonas - and her great throw-ins; center half-back Liz Anne Stirling - "Don't jump too high over the ball! "; left half-back Becky Hunting - spent most of her time coughing (wonder why?); left half-back Janet Bentzen - enjoyed the games against Richmond; right half-back Jane Mitchell - refused to go to the infirmary and ended up with pneumonia; right full-back Gurt Morch - powerhouse of the team; left full-back Madeleine Landry - usually down on the the ground in agony; right full-back Sarah Fear - had a pretty good kick when she connected with the ball; and Gini Taboika our left full-back who spent most of her time sick in the locker room.

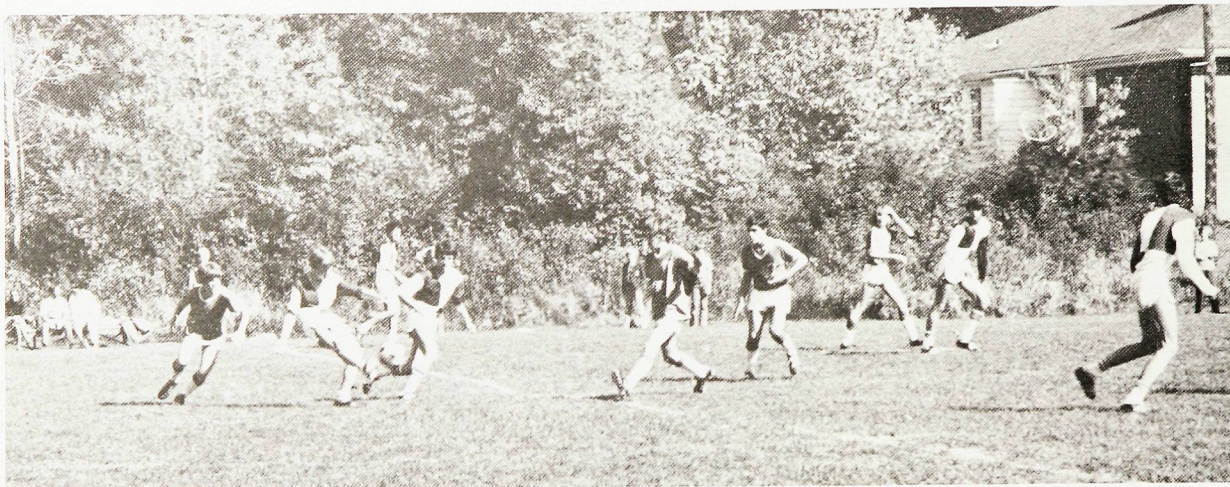

Highlights of the season were our trips to Ottawa and Vermont. We enjoyed every minute of it, and the spirit was great! Thanks Rev. Roberts and Mr. Lewis! !

Girl's Junior Soccer

Junior Boys' Soccer

This year our team was fairly young with what was supposed to be a lot of potential (our record didn't show it). I think that the most important thing about the season was that we had a good time. We had a lot to battle with this year including bad weather and good teams. The weather was the easy part of the battle.

Most of the matches we played were quite close. We just couldn't put the ball in their net. Not even with Roger Th  berge's great crosses or Duncan's stunning head shots. After Eric dazzled us with his corner kicks I thought we had them beaten. Howie was a large factor to our team. It was his bad jokes that kept us running. Victor was another asset to the team whenever he happened to make the bus.

The actual drive behind our team was Mr. Dutton. He kept our spirits up with his "sprint lads" and "that's the spirit". We thank him and anybody else who happened to have to put up with us.

FRONT ROW: M. Panet-Raymond, R. Setlakwe, J. Hallward, D. McDougall, I. Graham. SECOND ROW: J. McLachlan, J. MacDonald, D. Fuller, R. Th  berge, C. Hollands, P. Clermont. THIRD ROW: E. Boyd, A. Johnson, M. Kenny, V. Viniegra, D. Webb. FOURTH ROW: Mr. Dutton.

Bantam Boy's Soccer

Take for instance, Cruickshank (Cookie Monster), Marsden (Carrot Top), Turner (Slimey Limey), Ash (Clue), Rey (the one man football team) and a lot of other great guys.

These things aren't to be forgotten. Here's to next year's Bantam Soccer Team, so they may win three games in a row - cheers! !

FIRST ROW: C. Turner, R. Ash, M. Ouimet, A. Cruickshank, M. Rey. SECOND ROW: R. Heimbach, D. Imperial, M. Coulombe, H. Marsden, P. Simard, T. Joseph. THIRD ROW: Mr. L. Evans, R. Carmichael, C. Cowans, R. Cruickshank, M. Reedijk.

This year, unfortunately, like last year wasn't a very successful year, but it has been the best soccer season in four years. The year started with two ties. Then later the team got on a two game winning streak. Thanks to our coach or we wouldn't have won those games at all. We had many good times during the season. We also had some very good players.

This season was a great experience for all of us. Despite all kinds of weather, you wouldn't fail to see the team out there trying their best. The main thing that kept us together was our spirit!

What would we have done without Kari as our goalie? Luckily we always had our defense, usually Daphne and Carol although Kathy came along and proved that she could do it too. Our forwards were always out there fighting to the very end along with our halfbacks. How can we ever forget Sherrie and Lucie (those day girls never had enough warm clothes)? Remember how Mr. Detchon felt about that? How's the weather up there, halfbacks? There goes Karen running after the ball while thinking about someone else at the sametime. Oh, we must not forget our two French Canadians, Manon et Sylvie. Last but surely not least comes our coach. Thanks Mr. Detchon for all you have taught us, we are sure it will be invaluable to us in future years.

How could we ever forget playing out in the snow, sleet and hail? Or our trip to Richmond when our faithful manager always went off to get her coat while we stood there freezing. Good luck with the future teams.

FRONT ROW: A. Creighton, W. McCarter, M. McGee, P. Marten, W. Badger, T. Moseley, W. Stenason, M. Laframboise. SECOND ROW: R. Emmett, V. Foster, R. Lynch, B. Davis, S. Scheunert, C. Burfoot, C. Aparicio, R. Piette, A. Ross. THIRD ROW: Mr. R. Bray, S. Jenne, F. Gauvreau, A. Dumais, L. Kredl, T. O'Reilly, H. Velutini, Mr. K. McCaffery. BACK ROW: Mr. P. Brass, G. Somerville.

Once again "McCaffery's Machine" came through with flying colours (mostly brown) winning eight games and losing only one. Our two captains, Willie McCarter and Razz Laframboise pulled us through many tight spots. Together they kept the team functioning as a unit for the whole season. Mr. McCaffery's rigorous creases combined with Big Mac's "Saturday Morning Special" and the tires kept us in top shape.

There were many outstanding performances in our games. With raw meat and Sarah on his mind Yogi "The Beast" Dumais would smash his way through to the one yard line, where quarterback McCarter would call a sneak. We also had the famous African Duo, the Martini twins. Combine the above with people like Rod, Jenne and Victor the F., top it off with our built in cartoonist, Kredl, and how could anybody hope to stop us?

Our two best games of the season were against St. Thomas High in Pointe Claire. We won the first game 25-0 but they came back to beat us 26-6. We had a steak dinner to look forward to, though. Our defense was of course tremendous. Only 39 points were scored against us while our offence powered through with almost 300. Many thanks to our coaches; because of you we had the best season ever.

Mighties Football

Out of the four games we played this season we won three. Those wins were quite spectacular too as the scores were, 26-0, 32-0, and 21-0. Our one loss was against L.C.C. where the score was 36-6. We had a lot of fun this season with our two half-backs, P.J. Pinck and muscle head Sewell. Then there was our snapper and Q.B., Big Lou and Gregorious. Our only problem was with Big Jay and his cigars. Along with his brother the two of them formed the Stearns Company. We had a great season and hope to have the same next year. Special thanks to Mr. Goodwin for coaching us.

FRONT ROW: G. Brannan, T. Readon, L. Laflamme, G. Boyd, R. Tucker, S. Ayre, P. Fields. SECOND ROW: J. Stearns, M. Carriere, B. Sewell, D. Pinck, M. Stearns, J. Appleby, D. Wotherspoon, J. Yemensky. BACK ROW: B. Picken, Mr. C. Goodwin.

Our Track Team this fall gets an A - for effort. Three of our team members made it to the zone finals. These members being Long Lloyd, John Way and C.B. Johnston. Everybody put forward their very best efforts including Burton, who just never gave up. Unless, of course he could think up a good excuse. Yet all of our efforts would have been to no avail without the help of our coach Mr. Perrier and our cute manager Debbie "Quokka" Haynes.

We'll never forget running through mud and slush playing "dodge the log" in the woods. I think the reason John Boy Bryson did so well is that he couldn't wait to see Debbie again at the finish line.

Let's hope we can do as well next season as we did this year, and who knows, maybe we'll see some old faces.

FRONT ROW: C. Clermont, E. Belanger, J. Way, N. Hauck. MIDDLE ROW: D. Zaccour, J. Bryson, M. Kral. BACK ROW: D. Haynes, H. Mathew, P. Boutin, L. Poirier, Mr. B. Perrier.

Adventure Training

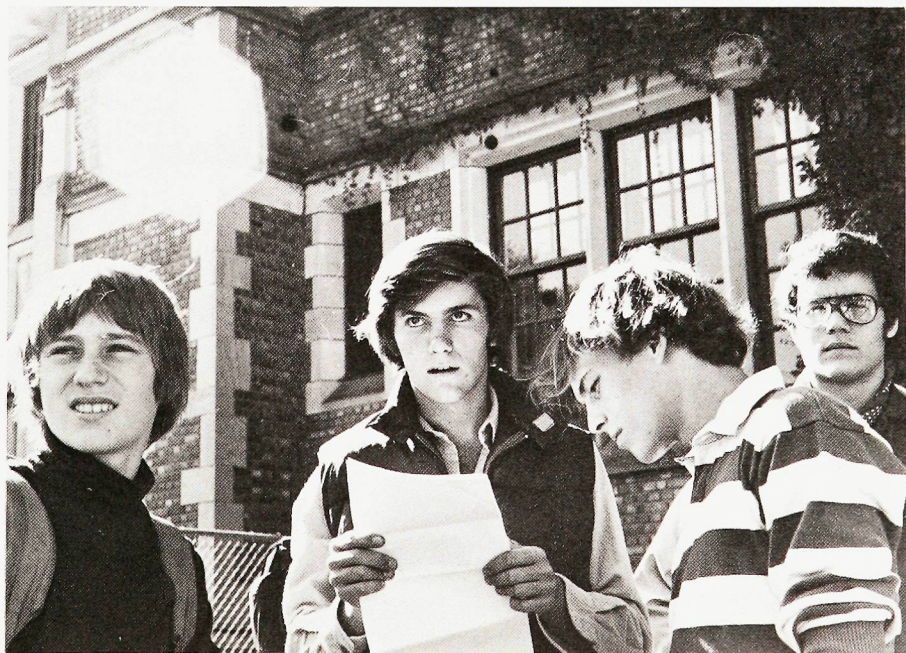

Adventure Training is not a commando course. Nor is A.T. a new religious movement. What A.T. offers a person is a chance to exceed themselves, or at least, realize that there are further limits to that person's capabilities. In realizing that one does not have to accept fear or pain or failure that person can reach a reckoning with himself-physically and mentally-and learn to live with a different outlook on things. A.T. means a different thing to each individual. There is no definite statement to what A.T. is except that it is an experience that most have found worthwhile.

Expecting the worst, this year's first team did surprisingly well. The apprehension was due to the fact that only four members from last year were left over. Special thanks go to our fantastic French goalie who won the coveted M.V.P. Also, congratulations to Neil Cunningham for winning the race for M.I.P., narrowly beating Bill and Ivan.

But just as important are the guys who keep our spirits up between games. Duquet, Sets, Sole and Spunky, whose wild jungle noises just never seemed to stop. These sound effects were great in striking fear into the hearts of the opposition. Our away trips were very successful, and we stayed in some pretty good hotels. But occasionally we ended up in a "shack", eh, Mr. Goodwin?

Our best games were against Stanstead (double overtime) and Hebron. Even the "old boys" were pretty exciting. We finished second in the league, which isn't bad for a bunch of rookies.

SECOND ROW: D. Mitchell, H. Landry, D. Molson, K. Rodeck, M. Kenny, M. Randle.
THIRD ROW: Mr. Badger, L. Kredl, A. Dumais, R. Hyndman, Mr. McGuigan.

This year junior hockey had what could be called a very successful season. We totaled 19 wins, 2 ties, and 4 losses. Throughout the year we were dazzled by many peoples' special talents. Stan was the most amazing forechecker that hockey had ever seen. He and his line tore the other teams apart. The Dumais, Molson and Hyndman line was also pretty effective. Their shots were hard and true. They sent more than one goalie home with a nervous breakdown. The next line was made up of Boyd, Vineburg, and Mitchell. What they were noted for will remain unmentioned.

The defence this year was very strong. Radar Mike and the rookie, Kate, were shatterproof. Thanks also go to Yogi, Keith, Mark, and the rest of the team, as well as our great coaches, Mad McGuigan, Slow Joe Badger, and Tammy Brass.

Bantam Hockey

We out hustled, out muscled and out scored! Another year of defeats, victories and compulsory fun. We gave five games to Stanstead, but came in second in the tournament. Our biggest victory was North Hatley, 11-1. As the first line skates on to the ice, we recognize the faces of 'Sharky' Boyd at center, P.J. at right, and Brilo at left. At the rear of the first line sat "Big Bad Will-Hammer" and Christian.n.n. Cow. The whistle blows and our second line stumbles onto the ice. Our gear-jamming captain at left, O'Reilly? Anyways, at center was rock-on "Bobby Carmichael Clarke" with "Clued out" Ash at right. At the blue line stood Mike "Magoo" and sat Tim Measly. And of course our subs "Apple-By" and "James Bigfoot". In nets stood Ian "Glove" Graham and Gordon.n.n. Summerville. They could always be counted on for making great saves! And on the bench stood our two great coaches; Mr. "Boring Elephant" Lewis and our head coach Mr. "Crud Yahoo" McCaffery, both of whom we thank for a fantastic season!

Senior Basketball

This year's season proved to be a building one since most of the members should be back. We were the Small Schools Champions for Greater Montreal and represented the region in Arvida. Cathy, the star and captain, ended a great season winning the Keyzer Shield. Tina spent most of the season in bed and Suzanne was a hit in Arvida. Sarah was our height on the team; Nancy bulldozed her way down the court; Sarah Grass was the ball feeder; Cally and her new style, and Bish, our Cheering and Jill our Amusement. To Mr. Perrier we would like to add a special thanks; for everything.

FIRST ROW: N. Caron, J. Lorenson, K. McGee, L. Bishop, T. Pink. SECOND ROW: L. Sterling, S. Ouellet, S. Grass, S. Stairs, C. Bentzen, J. Booth, L. Decarie. THIRD ROW: Mr. Cowans, Mr. Perrier.

You don't have to be a winning team to have a lot of fun playing volleyball. This year's Senior volleyball sure proved that. I think we had more fun, lost more games, and were more appreciated by our bus mates than any other team in this whole school.

Perhaps one of the reasons for our success at being unsuccessful was the dedicated and capable instruction of Miss Mo, and the unsuppressable team spirit of our team Captain, Jill Lorenson, the mad woman from Aruba.

The other team mates helped, of course. We could never have lost without the talents of Speedy Hugessen, our best handler, or Cathy McGee, who gave us so much support. Sarah Stairs and Tina Pink kept us looking good on and off the court. Sarah gave us spiritual leadership while Nancy and Louise demoralized our opponents with their powerful and often inaccurate serves. Kim and Heather kept our bench warm and our little Bish who you can see getting knocked out in one of the basketball pictures just smiled. Maybe next year we'll win.

Junior Basketball

This year had its ups and downs. The team, however, stayed together throughout the season with Carol and her butterfinger shots, and Mad thinking it was a hockey game with a lot of penalties; Alison always giving a reassuring touch; Tara stayed on the team with her injuries; Kari with her jump balls and Lexie with hers against six foot girls; Caro and Jill sometimes getting people laughing and making the team lie on the floor; and of course last but not least Miss Mo, with her lady of the night black suit.

What a way to spend a winter! Skiing's for the birds, who needs snow? No, the rock-on girls of BCS would much rather spend an afternoon deeply involved in a grueling game of strength and skill. Yes, Volleyball!

And what a team we had, Caro Creighton and her cohort in humour, Jill Badger, Sarah and her patriotic, psychedelic, go Bish-go hair ribbons, Gurt with her extra special serve, the atom bomb, Willa and her unexpected old age, Lylia and her famous fouled up finger, Alison, the Joe Namath of the volleyball court, Tara, who's pert little backside kept our bench warm and the male spectators enthusiastic, and of course Becky who nearly made it to one of our games on time. Really Becky, at fourteen you should be able to tell the time. Becky's fourteen? My God!

Lets not forget our darling coach, Mr. Detchon, whose wonderful training talents, and cold heart when it came to our complaints about too much work, kept us in such tip-top shape that we can all look forward to spring with rosy cheeks, light strides, and shin splints.

Bantam basketball had a great season. When our first game came around we won 20-2. We had quite a team; Manon and her broken fingers, Karen with the black eye, Anna and her long shots, and Bridget and her fast lay-ups. Our tallest player, Sheila, always got the ball, and last but not least Sandra who came to us late but was quite a bruiser when she had the ball. We would especially like to thank Mr. Turner who used his skills and effort to make us what we were. We had a great season, Bantams!

Our season started off with a good game against R.R.H.S. Fortunately, we made it to the zone with great players. Anna with her bionic serves, Manon with her language problems, Karen with her team spirit added a little jazz, Sheila with her defence, one knock and they were down, Edna with her late join-up added to the commotion, Sandra, well she tried and last but not least Bridget, who got everybody off their feet.

We made the zone and came in second, but next year we will be first. Right you guys?

Alpine Ski Team

Looking back, I appreciate that I wouldn't be in such good shape if it wasn't for BCS and their crazy absent-minded Newfie coach, Robin. Everyone contributed to the team effort with great support from Mark and Bruce who kept the girls faithfully showing up for crease (Eh, Diana!), with the generous contribution of flags and posters donated by Cathy and Bruce, with the humour and wit shared by Tony and Michel, and the team spirit of Denys and Jennifer. Because BCS didn't have a ski hill in it's backyard it had to impose on the local ski areas. Through hard work and good results Cathy and Philippe won the zone championships. We look forward to another good season next year.

Cross-Country Team

Like most other years we started the crease with daily warm ups; short frequent visits to the sports complex at B.U. Our first race came soon after the first snow. In fact, it was only about a week after we had started. When we arrived at Stanstead, their red X-country suits clashed with our multi-colored, multi-styled ski clothes, and many of us were rather discouraged, so I guess that is why we lost. We picked up a win here and there, however. We had a most enjoyable year, thanks to Mr. Milner, our coach.

Squash

We had the largest group of members this year, and all proved their capabilities on and off the courts. With our noble "Captain Scott" leading us we went on many tours to Montreal, and the boys to Toronto. The most successful trip was probably the boys' trip to Toronto where they placed second behind Ridley College. We thank Mr. Bateman and Mr. Cruickshank.

This year, Tirk's Modern Dance group started off the year as usual, with a mild fling into stretches and style. The group was shy at first but after Tirk's and Mary's added enthusiasm we relaxed into a winter session of enjoyment. The group enjoyed a few late nights in Montreal watching ballets and jazz productions. One thing that will not be forgotten is that dinner! With added confidence the group put together a photographic essay and a video tape. We finished off the year with a performance at Galt. We wish Mary luck next year in Toronto and thanks Tirk for another great year! Love, Us.

I. H. A. Champs

The 1976-77 Intramural Hockey Association season started for some 80 odd skaters as a lot of hard work and sweat. The I. H.A. regular season lasted about three months. Each team played a total of twenty-five games. The I.H.A. playoffs extended two weeks after the regular season play, ending in a deserving victory for the Pittsburg Penguins. The team struggled through regular play all year long, but nearing the end of the season and the start of the playoffs, they really pulled themselves together. They captured the coveted Master's Cup in the final game against the Minnesota North Stars, with a final score of 7-3.

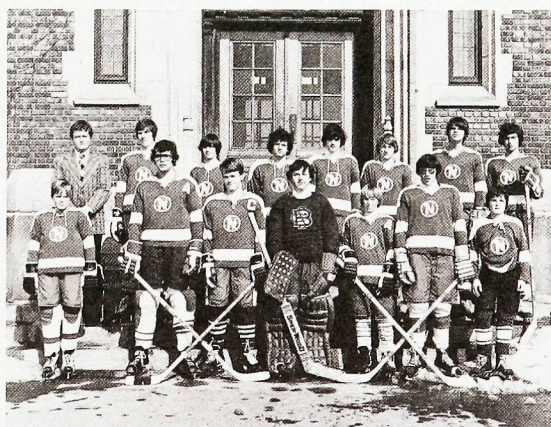

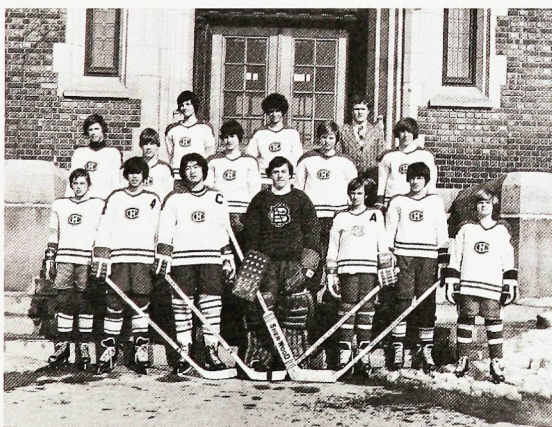

In addition to the regular intramural games were the fast paced Chactaw and Cree games. These teams were made up of all star hockey players and anyone that could put up with Mr. McClintock's cigars. The games were fast, and sometimes rough, but gave numerous hockey players their chance at competitive hockey.

As always, from the ranks of the I.H.A., of which many members gave their fullest, one member was chosen from each line that showed a high level of sportmanship throughout the year. Bruce Davis, Brent Dorion, and Paul Marten were the chosen 1st, 2nd, and 3rd liners of the year. Ian Graham was the outstanding goalie of the year. The leading scorers in regular season play were Steve Kouri, with sixty-one points and Tim Matthews with fifty-four points.

From beginning to end, 108 games were played by the members of the I.H.A. I am sure that it would not have been possible without the watchful eyes of; Mr. Evans, Mr. McCaffery, Mr. Goodwin, Mr. Brass, G. Landry, I. Stephen, N. Cunningham, B. Rodeck, K. Rodeck, M. Kenny, D. Mitchell and M. Randle.

It was the time, effort and extra feeling that Mr. McClintock gave to the Intramural Hockey Association that made it work so well. Thank - you.

Those that played on this year's team will remember it as the team with the most spirit in the school. Our spirit showed up in all facets of our season whether it be singing "Take Me Back To England" in the locker room, on the field, in McDonalds, or wherever we drifted to on our time off in Montreal. It is difficult with such a good, hard working rugby team to pick out exceptional players. But there was a core which formed the solid foundations for the rest of the team. Jono Howson was back for his third year on 1st XV and this year captained and led the team. Charles Paine, the pack leader, was certainly one of the finest prop forwards BCS has ever seen. Evan Ballantyne and Mark Setlakwe were both instantly recognized in any game because they seemed to have the ball most of the time. Who can forget Serge St. Jean and Chris Blood, the two powerful lock forwards, who supplied the definite push in the scrum. In the back fields was Geoff Scott, the graceful and skilled fly-half supported by Marc (Speedy) Bibeau's blazing and invaluable speed at wing that helped him break

around the end and score numerous tries for us. Finally the whole team owes a lot to Mark Hantho, our rookie, who picked up the game so quickly and became a sole and hard running fullback. What did this group achieve this year apart from some badly harmonized Rugby songs sung in all the wrong places? We defeated six schoolboy teams and Selwyn House School, the Montreal City Champions. We finished off our season with an enjoyable game against a Montreal Irish Club. They are promising to supply stronger opposition for us next year! Thanks must go to our coaching staff of Mr. Bateman and Mr. Campbell. Special thanks must go to Donny Johnston and Chris Bovaird who came from Queens University. Let us not forget Jono Howson and Mark Setlakwe who were selected to play in a Quebec team trial game against Ottawa and the stars of the 2nd XV who came to play for us on several occasions.

This year the Junior team started off with a small squadron. Most players from last year's team had gone to the Senior level, so Mr. Dutton had to start with the basics. We started off well, winning over Howard Billings. Our scrum, led by Rod Lynch and Milton Morales, pushed us by with our powerful backs, B. Davis, F. Viniegra and fullback Rod Payne. Our luck turned when we met Lindsey Place. We didn't quite get it together. There were many Junior players who played for the Second XV. We hope for a successful year next year, and good luck to all those going up. Thanks to Mr. Dutton for his outstanding effort to get us together.

TALES OF WALES

We had a fine season except for a few losses, even though Mr. Bevan was only at a few of our games. "Well when I played on the Wales National team, I think I was the first person to kick a drop kick in the 1948 season, unless somebody played at 10:00 a.m.," stated Mr. Bevan. The Tales of Wales we called them. Mr. McClintock was a very successful coach on all our away games. He kept pushing us all to the end. Often we looked small against the other teams we played, but we gave them a really good fight. Mr. Bevan always seemed to think he could deak out every player including "Willhammer" but Willy brought him down with a thunder every time. David Pinck put up a pretty good fight at wing, and the inside centers, Fonzie, and Christian Hollands, were exceptionally good. Todd Stafford was eighth man in the scrum and John and Chris were second row, potato face Duncan was prop, Paul Matren hooker and "Clubert" Ash was the other prop. Last but not least we had "Flipper" Marten as fullback, and of course Willy and Greg. Oh, yes, Yeah B's! !

Senior cycling during the past spring, a group of ten students, cycled a total of 7500 miles. At the beginning we were most often met by blizzards but in late May by the sun's blistering heat. The daily trips averaged about twenty to twenty five miles. The main routes included destinations such as Ascot Corner and North Hatley. On weekends we had longer distances to cover. There was an overnight trip to Brome lake. The next trip was about two hundred and fifty miles long and of a duration of four days. On this camping trip we debated whether or not to throw our "cruddy" in the lake fearing the possible flooding of nearby campsites. Panet became famous for his triple spins before "STOP" signs. Running a close second was Pierre for his attempt at a double somersault with a full twist. Yes, all in all it was a memorable year.

Group II

The highlight of our season was the yearly visit to Island Pond, Vermont. Again as always we were blessed with sunshine and blue sky. Upon our arrival at 7 p.m. one cold and windy Friday night the first job was to collect wood. Immediately, everyone had to "do something". Frugal's sleeping bag wouldn't grow as John Bryson would have liked, Steve Jenne was running all over the place, while our two female friends were kept nice and warm. (OOOOOH!) Who says we're crazy to take cycling?

FIRST ROW: R. Picken, B. Younkier, J. Badger. SECOND ROW: I. Graham, P. Simard, Mr. Lewis, J. Bryson, A. Creighton, C. Beaudet, S. Jenne, T. Moseley, G. Webb, J. Yemensky, T. O'Reilly, D. McDougall.

Adventure Training

FRONT ROW: J. Harley, G. Schiff, R. McCarter, S. Budning, S. Grass, D. Monast, F. Thraves. BACK ROW: C. Fields, R. Hyndman, C. Fournier, D. MacDonaugh, J. Gilbert, C. Williams, K. McGee, Mr. McGuigan, J. Hutchison, Miss Tirk, C. Noyes-Roberts, L. Decarie, Mr. Cruickshank, F. Hallward, V. Doheny.

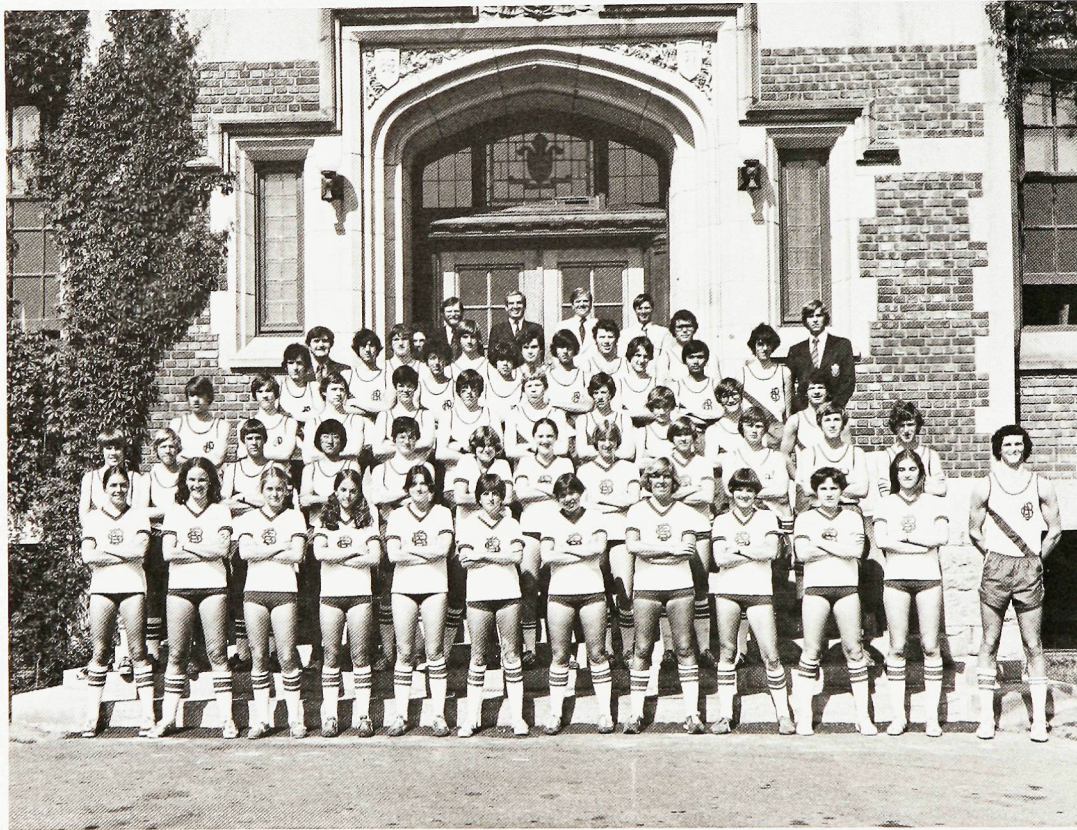

“Where do I begin to tell the story of how great this crease can be? ” There is nothing in B.C.S. to compare with the amount of achievement each one of the twenty members gets out of Adventure Training. By no means is it easy, but that’s what makes it so amazing. As you sweat, freeze, cry, fall, swear, laugh and complain you are pushed onward by a force saying “yes” and you know your goal is never too far away.

This term being the shortest of the three, was packed with events every weekend and Wednesday, including such things as electric fences, the “wall”, the rope course, tyrolean traverse, immersion, solo’s, crew solos and so much more. To miss any part of this is like missing a year’s growth.

There were always times for relaxation and we wasted no time doing just that. The most enjoyable part of relaxing is getting clean with SOAP and WATER. Amazing! We learnt many secrets from the woods like how to cook without pots and Logan Bread taught some of us a new language, and Testube babies who always had something to say.

To this knowledge and adventure we owe unending credit to Mr. Cruickshank who kept us under control with water pistols, Miss Tirk (Snork) and Mitch with their FAITHful assistants kept DUNCKing our heads into trouble. We enjoyed every minute of it (well. . .almost) and we recommend it to any person with desire for FUN!

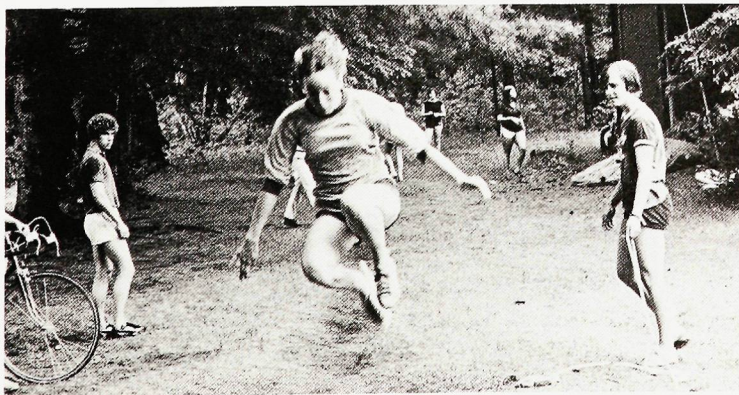

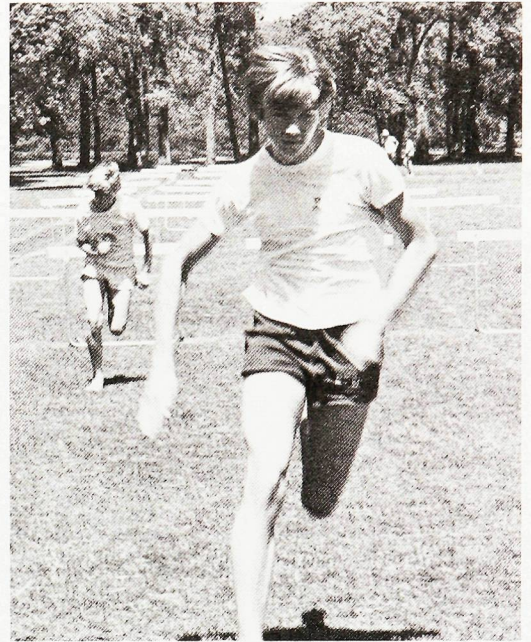

Track

FIRST ROW: J. Roots, S. Ward, H. Calder, S. Cryan, S. Blais, C. Clermont, S. Ash, W. Hueton, B. Perry-Gore, E. Quants, K. Bowser, A. Kippen. SECOND ROW: W. Stenason, L. Kredal, M. Stearns, R. Lee, E. Leefe, K. Brown, L. Sterling, J. Booth, K. Webster, N. Cunningham, J. Hallward, G. Somerville. THIRD ROW: W. Ogilvie, J. MacDonald, D. Wold, A. Johnson, T. Matthews, A. Van Schaik, P. Clermont, B. Miller, B. Scott, A. Dumais. FOURTH ROW: L. Shade, P. Khazzam, R. Setlakwe, M. Marsden, S. Henriques, R. Piette, G. Ho, R. Theberge, L. Poirier. FIFTH ROW: Mr. Trower, R. Blackburn, A. Perry-Gore, D. Malaket, H. Phillips, B. Campbell. SIXTH ROW: D. Zaccour, Mr. Perrier, Mr. Cowans, Mr. Milner, Mr. Goodwin.

This year was a reasonably good one for Track and Field, considering our small size. However, the help that we received from several members of the Rugby team should not be overlooked. Some of these people were; Mark Setlakwe, Marc Bibeau, Yuki Kurata and Evan Ballantyne. They all helped us a great deal with short distance running. Our talent came in middle and long distance running with such people as; Alex Kippen, Bill Ogilvie, Neil Cunningham and "speedster" Theberg, George Ho and "gutsy" Dave Wold. The girls also added to our team with talents such as: Jane Roots, C. Webster, Lizanne Sterling and the future Diane Jones, Heather Calder. Our field had good potential with people such as; Shot-putter, Ba Ba Blair Campbell, T. Matthews and, on the female team, Wendy Heuton. On high jump we had, R. Piette, and L. Sterling. Of course we cannot forget slavemaster...I mean coach Mr. Perrier, who showed up at practice everyday with his book of original tortures. He was always careful to invent new methods of pain each day for us, the sado masochists of the school, The Track and Field Team. Track could be summed up in one immortal line sputtered by Alex Kippen one hot day, "Oh God - He's trying to kill us! "

Inter House

This year's Inter-House Track and Field meet was won by McNaughton House and Glass House, although all the houses competed with great effort. For the first time, Glass House won the girls' Pennant, much to their delight and to Gillard's dismay. The Day students, although they tried hard, placed third. McNaughton and Smith were neck in neck during the whole meet, which lasted one and one half weeks, until the Senior boys relay, which made McNaughton the winner. There were many different events and most houses were surprised (or shocked) to discover that some of their house members actually had talent, or at least stamina. Even those who did not excel in any way provided what the meet needs most, House Spirit.

The Number Two Cadet Corps has had a great year under the capable command of Mr. D. Turner. He has innovated camping as a part of the Cadet experiences and has helped remove much of the resentment once directed towards Cadets. He and his able Major, Charles Paine, together with the Officers of the No. 2 were responsible for a very impressive final inspection as well as a generally snappy Cadet Corps throughout the year. Thanks go to the many teachers who helped out with the Cadet Program and to General Ritchie, who inspected us and awarded us our half holiday.

PATRONAL BANNER PRESENTED

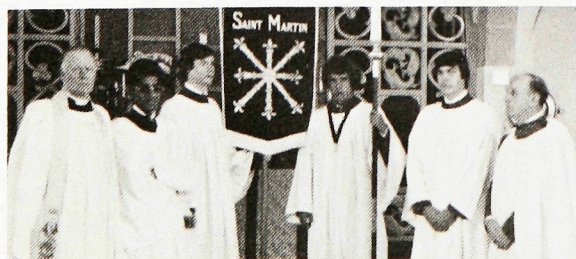

A Patronal Banner was presented in Saint Martin's Chapel on Easter Day 1977. Rev. Derek Roberts, Chaplain, accepted the Banner from Gwilym Bevan, Organist and Master of Choristers and dedicated it to the Glory of God and in Memory of the Faithful Departed of the School.

Mr. Roberts also spoke about the life and work of Saint Martin of Tours, with special reference to the symbolism contained in the Banner, which was then proudly carried by the Head Prefect David Wold as the Choir processed around the Chapel singing a rousing Easter Hymn.

On a background of cloth of rich blue, the highlight is the escarbuncle, a symbol of great antiquity, representing a brilliant gem. The rays from the stone are shaped like sceptres or staves each one capped by a variation of the Fleur de Lys, itself an emblem of purity and much used in English as well as French Heraldry.

Mr. Bevan was responsible for the design and assembly of the Banner and the needlework was expertly done by Les Soeurs Clarisses of Lennoxville. This rich addition to the symbolism of the Chapel has been placed in the Sanctuary and will be used in Processions around the Chapel on special occasions.

The picture shows Mr. Roberts, Mr. Bevan and the four Choir Prefects of 1976-77.

“The playing of the merrie organe,
sweete singing in the Quire.”

This year, the Chapel Choir had no fewer than five Prefects in its ranks, who, before they left the school, gave me notes on the year's activities. This then, in a sense, is their report, with some added reflections from The Organ Bench.

“Sweet singing in the Choir” we have indeed enjoyed, thanks to seventy two hard-working and dedicated choristers, well-balanced in the four sections, always ready to be challenged with good church music and pulling it off with amazing accuracy and finesse. In addition to singing an anthem and service setting every Sunday, there were special Carol Services for Advent and Easter as well as the traditional Nine Lessons and Carols in Candlelight at Christmastide. The Choir sang at St. Peter's, Sherbrooke, St. Georges, Lennoxville and St. Peter's, Town of Mount Royal in Montreal, whose Choir came to BCS in the Fall and delighted us all with the music of Evensong with the music of Stanford, Walmisley and S. S. Wesley.

Often this year, our music contained demanding vocal solos and these, requiring as they did, many extra hours of practice, were expertly done. I had help from no less than three assisting organists, whose work I value highly.

BCS Choir has again made a memorable contribution to School life which I am confident will be maintained in 1977-78. In spite of the many experienced singers who have left the School this year, a valuable nucleus remains to encourage and inspire newcomers.

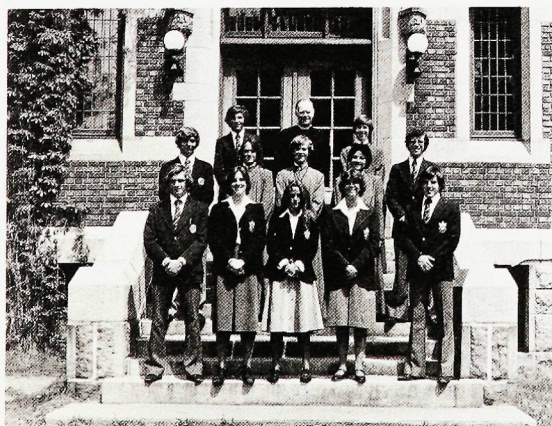

So far I have avoided mentioning people by name (always dangerous), however, without the support and understanding of Mr. Roberts, our Chaplain, Mrs. Brady, our devoted Choir-Mother, and the Prefects, together with the regular encouragement of the Headmaster, fellow Staff members, Board members and parents, my job would be very difficult indeed, if not impossible. To everyone involved in the work of this fine body of young people known as the Choir, I am humbly grateful.

I don't know what sort of instrument the old ballad writer had in mind when he wrote of “the playing of the merry organ.” Such organs as there were when The Holly and the Ivy was first sung can't have made a particularly merry sound. A sort of elephantine and ponderous thump would probably describe it more accurately. Today, however, a good instrument has the capacity to be “merry”, agreeable, modest, commanding and even witty. Also, as an instrument it still has much to say to religion in our day and age.

“The playing of the merry organ, sweet singing in the Choir:

May our School continue to enjoy lots of both.”

Drama

This year B.C.S. accomplished a great many drama productions. Starting with the House Plays, which McN. House won, there were also presentations done by Miss Tirk's Vth Form drama class (including Edward Albee's "Zoo Story" and "The American Dream" and Zindel's 'Gamma Ray's') and Mr. Evan's Vth and VIth form sets. The highlight of the year was, of course, Mr. Lloyd's musical production of "Bye Bye Birdie", in which 54 students were involved, both in cast and crew. 'Bye Bye Birdie' is the story of the traumas involved when teen idol Conrad Birdie is drafted into the Army. His agent, Albert Peterson has to figure out a way to draw himself out of debt, to get rid of his Mother and to marry his faithful secretary, Rose Alvarez. The play starred Geoffry Scott, Kate Brown, Jono Howson and Sarah Grass, as well as the many talented members in the chorus. Let us not forget the stage crew who did such a great job. Many thanks also to the knowledgeable directing of Mr. Lloyd, Miss Tirk's choreography and Mr. Bevan's musical direction.

Librarians

The Holt Library has concluded another active year under the direction of Mr. Winder and Miss Matthews, with the assistance of Library Prefect Grant Vale and several student librarians. Afternoon and evening supervision was provided by Mr. Medland, Mrs. Campbell, Evans and McGuigan.

Open twelve hours each weekday, and six on weekends, the library received constant use by students for study or casual reading. Our sincere thanks to those who donated books, and provided funds for specific purchases, which were included in the nine hundred books added to the collection this year, bringing the total to 14,000 volumes.

A special "BCS Collection" has been started, for the purpose of preserving works written by members of the BCS Kings Hall community. Staff, Alumni, and students are invited to deposit copies of their published books in this collection.

This year the Activities Committee, headed by Faith Hallward and Marty Kral, came up with a few brilliant ideas, such as coffee houses and movies, and some not-so-brilliant activities like the Bake sale, the Scavenger Hunt and the Penny Arcade. For hours we would put our heads together and came up with some amazing ideas, most of which were too far fetched. On the whole all went well and next year we hope that the Saturday nights will continue to get better and better.

Agora

Agora went through a process of rebuilding this year. Our future prospects look good. On the whole, debating in the province went through a bit of a rut. With the exception of several schools in Montreal, interscholastic debating was almost non-existent. However, we managed to meet Selwyn House and Alexander Galt several times. Fortunately, public speaking flourished this year. We attended the Rotary, Kiwanis, and Optimist Tournaments. Lorne Kredl, Mike Austin and Tim Moseley all did a fine job of representing B.C.S. at those events. Richard Tucker did himself and the School much credit at several debating and public speaking events.

In May, Hima Matthew represented the Province of Quebec at the National Student Debating Seminar in Ste. Catharine's, Ontario. He returned home with an Award of Excellence.

Many thanks to Mr. St. Jacques for trucking us around, supporting, encouraging and coaching us.

BCS 1977

Winter Carnival

Once again the Winter Carnival was one of the highlights of the year. On February 3rd, 4th, and 5th all regular activities stopped, and the air of competitiveness was evident. Headed by Mitch McGuigan, and Chairman Tim Moseley, the Carnival was in the makings from November to the last moment. Inter-house games, such as basketball, volleyball, broomball, and tug-o-war were planned. On Thursday night, the games began. On Friday, the School travelled to Mont Sutton for the annual Ski Day. The weather and snow conditions could not have been better. With few exceptions, everyone, exhausted from the day's activities, slept on the way home. That evening games continued, and the movie, "Monty Python and The Holy Grail" was shown. Saturday saw more games, the Showdown, and the judging of the snow sculptures that the houses had been working on for two weeks or so. On Saturday night, the finale, the Carnival Dance, saw 'Allan MacPherson and the Alligators' playing while people danced under the decorations, courtesy of Sarah Stairs and her committee. Then, the moment had arrived. The winners of the Carnival were announced. In the Junior Houses, Grier House South won. Gillard won for the girls, and the underdogs, Williams House, powered through. Overall, the Carnival was a tremendous success. Many thanks to all who helped.

Trips

Cuba

In the year of our Lord, nineteen hundred and seventy seven a group of adventuresome BCS students set out to explore new civilizations and to go "where no student had ever been before" - Cuba! Their chosen craft was a shaky, propellor powered plane run by the ever efficient CUBANA Airlines, and when they boarded they knew they had to be prepared for anything. Their weapons were bathing suits and towels, which, as some members of the crew found out, attracted the enemy rather than deterred them.

The crew leader was the Honorable Senor Ken, otherwise known as Dad. Undaunted he led them through the quaint communist land trying to impress the natives with his unmatched ability to ask for "More butter, bread, beer, and more ice cream! "

They learnt a lot about Cubans; their toilets never work; smile and they'll do anything for you; they don't appreciate you wearing shorts; they don't believe in quick service; they love American music but aren't so fond of Americans and girls are always a novelty.

Each crew member left having learned or gained something:

Brent: an attraction for Taxi Drivers and chewing on ice cubes.

Doris: a habit for finding odd bits of things in her food.

Louise: an ability to attract waiters.

Dynah: an ability to attract stray dogs.

Heather: an ability to attract crazy Maritimers.

Janet: an ability to attract lifeguards.

Craig: learnt never to wear shorts.

Dad: won the best Cuban Pirate award, and the hearts of all he met.

Thanks Dad,
After all, we love you!

Toronto

On April 13, 24 thrilled geography students under the auspices of Messr's Bateman and Brass united at the Eaton Center in Toronto after their respective journeys. Five minutes after that happy reunion, they set out on their individual tangents to soak up some night life around the O'Keefe Center under the watchful eye of the CN Tower. The next day, half of the group visited Niagara Falls and the Ford Plant, while the other half spent the day at the Ontario Science Center. That evening the entire tour ate at the Old Spaghetti Factory after which they staggered to the recording of the Peter Gzowski Show. When the show finally ended the whole tour packed into the mini-bus and sped off to their hotel. The following day those who had not been, went to the Science Center, while the others started the return trip, stopping at the Pickering Nuclear Power Plant and lunched at Gurt's. The other half took the Turbo and they were all back in their little BCS beds by 10:30 that evening, with all their freshly acquired knowledge being digested in their youthful minds.

Houses . . .

Gillard

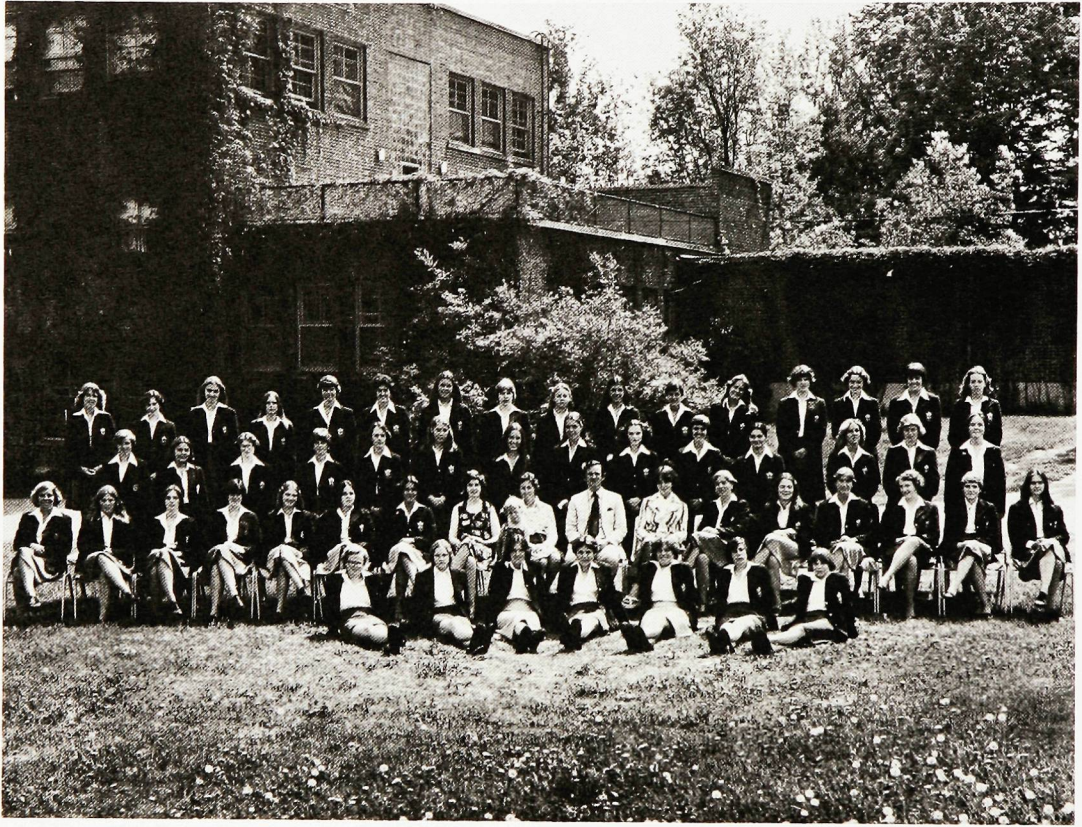

Gillard had a full and interesting year, winning the Carnival, first in the cross country, and coming third in the house plays, but it was really the inhabitants of the House that made the year a success. We will certainly miss the VIIth formers and those who won't be back next year. It won't be the same without them! Di and her frequent jaunts to her royal throne below Mrs. Mooney's window. Weather forecasts from Joanne. (How's the weather down there, Jo?) Kim's refreshing ideas and her faithfulness to Williams House. Sarah's unexpected visits to the bathrooms. How's the Dutch meat, Karin? La Bomba and her number nine. What was Nancy's great attraction to the Dining Hall? It couldn't be the food. . . Sid could always be found to open tuck when the trio broke up. Is it true what My Ear said about Jewish men, Elaina? Suzanne: S.O.S.M. (and we heard she was un poisson froid!) Frannie's "Romeo, Romeo, wherefore art thou, Romeo?" (prowling in the ocean maybe?) Heather and her fondness for Adventure Training. Next year we'll look forward to meeting up again with Carol and her warmups for Choir by singing in the bathroom. Jay and her jogs with Lizanne down to the river to catch frogs(?) Melissa and her fondness for the downstairs can. What is it the Connection at BCS is lacking, Cathy? Hey Anna, who said that IVth formers are inexperienced? Sarah's admiration for Barry Manilow. You could always rely on Landry's luncheonette when Tuck was empty-thanks Mad! Lylia, recovering from the Invite. Mickey's newly acquired distrust of bunkbeds. Lizanne, "let's have an orgy!" (or at least a game of Strip Poker). Daphne and her visions of the American Dream. Then we have our beloved Seniors. Laur, known for her patriotic loyalty to the States and her close association with gorillas. Kate's ponderings as to whether or not she'll convert during the summer. Jenn who made full use of the downstairs Common Room (even the laundry room!) Heather who always had

someone at the door, whether it be a McN House representative or the chicken man. Tye's entrances in the Dining Hall always caused the temperature to rise, with her revealing tops (eh, Mr. Bevan?). We expect to see Nancy on the shooting team next year, with all her practice. What really happened to your cupboard door, McGoo? Too bad the infirmary didn't turn Co-ed this year, Tink. Dan and her consistent telephone calls from Smith House or Stanstead. Was that spare bed really kept empty Sarah? Tara, who almost classified as a full-pledged grenouille - just keep away from sheepskin coats O.K. Ta? Stuch's newly found taste for members of the Spanish Connection. And of course many thanks to Miss Mo, (alias Montezumas Revenge), Tirk, (reliable mooch and gossip) Miss Hewson and Mr. Detchon, (alias Eric the Red), for putting up with us all!

It's hard to begin to mention everything that went on in a house with forty-five girls. But as one looks back certain things come to mind. . . There was Mrs. St. J with her ever lasting "go get ready for bed", half an hour early! ; Willa and her continuous "I'm not obnoxious! "; Janet's "Oh pickles! "; Jennifer's never aging "You old bat! "; Do-Do's eternal laugh; Caro's "Cream Cheese"; Anne's musical "if anyone wants me I'm in the piano room."; Christiane's pesty "Bug off!"; Leslie's nostalgic "I miss Jamaica"; and her frequent leaves with relatives; Heather's nightly "Who's on duty? I'm back!"; Helen's sweet "I want some sMARTIES"; Jay: censored; Kim's friendly "Hallo-o-o-o-o"; Jane Roots starting in the "Loneliness of the long distance runner"; Webbies never failing "ni ni ni ni ni"; Karen's insulted "I do not look like Brent! "; then there is Jill - when you say Speedy you have said it all; Cally's proud "look at my other bruise! "; Sylvie and her phone calls; Kari and her "I'm sorry, I don't know"; Mrs. McGregor's knowledgeable "What's on T.V. tonight? "; Edana and her constant "can I borrow a dime, I have to phone Grier! "; Jane's bright "Everyone knows about the orange towel! "; Dynah's religious "The lesson is written in the gospel according to St. Matthew"; Lexie's constant "Mr. Bateman you should get - for tuck!"; Jane M. with her gay "I love Tom! "; Gurt's unceasing "Rick phoned last night!"; Holly who managed to laugh and giggle her way through another year; Sue's "will you save your smarties box for me please? "; Martha's "It's prep so get to your rooms. Now! "; Debbie's alarming "I can't believe I pulled the fire alarm! "; the constant common room cry of "Is that Liza's soft(?) voice we hear? "; Kathy's cry "I love Razzberries"; Sarah's shivery "I'm cold but I don't care! "; Meg's living "Simon, Simon, Simon!"; Wendy's energetic "I'm going for a short jog, 10 miles" and "All I want for Xmas is a discus and F! "; Faith's constant "Oh no not? again! "; Catherine's studious "have you done your prep yet? "; Janet alias Chocolate; Bish's booming "Webbie com'oonn ddownn! "; Sue's frequent "is that Evan's bell again? "; Cheryl's books, baby powder, and water and fist fights with JM; Sandra's indignant "*;?! "; Janet B's "my hair is flat! "; Fi's ——— hasn't answered my letter yet! "; Caroline's possessive "That's my chair!"; Karen's never failing "are you on duty again! "; Manon's "can you open tuck please? "; Sarah's jumpy "have you heard the latest gossip? "; Lisa's "I love cheese! "; and Doris's never failing "wait, I'll only be a minute! ". The House worked hard together throughout the whole year and it payed off in the Inter-House track and field which we won for the first time in five years, congratulations! Thanks Bates for putting up with all the above and more. It was a fun year and we wish those who leave us the best of luck. And like the familiar song, "See you in September."

The smell of mouldy socks pervades your nostrils as you enter the northern half of Grier House. You open the first door and ask yourself, is it life or death? But, alas, it is only Igor studying Geography. He looks up and tells you that Steve is out in the woods with. . . Ah, but that is an official house secret! As you proceed down the hall a strange sense of unrest seeps into your body, and suddenly you are blinded by a red flash of light, Super Lawee to the rescue! ! Unable to see, you turn around and before your very eyes Mr. Miget, alias "Little John Way", materializes. Then, out in the forest, "Big Foot" Stearns attacks. . . or is it "Er Bear Teddybear"? You escape the main floor by sheer luck. . . Reality returns, but you get a lap for shoes on in the house. You know that danger lurks just around the corner, but you peer down into the depths, not able to help yourself. There is a bark and then another, Bacardi and Schiltz? A roar breaks the silence and 346 elephants trample through the house, or was it 347, Sir? There is a commotion in a room halfway down the hall. You run to the door and see. . . Who else? . . . "Big Al" drumming on his desk, or is it Emmet's head? Unable to bear the sight you turn and run up the stairs, past the main floor, up to the top. As you enter the dimly lit hall the sweet sounds of "Hotel California" reach your ears. You start to relax and feel safe, but. . . The door at the end of the hall opens, and the music gets louder as "Christ-Ain" sticks his head out. . . looking for a magazine by any chance? The look on his face disturbs you so you open the door facing his and immediately you are bom-

barded by 1,000 darts shot by a mad "Kenyan Pygmy". You try to dodge but instead you are mowed down by a crazy African Eskimo on a snowmobile, J.P. Down the hall you go, having barely escaped J.P. You are torn and bleeding, and even being alive hurts. You pass Mr. Robert Piette's room knowing that he is asleep, and come to a stop outside a room that holds a Suzuki freak who worships Bobby Clarke and a miniature French Boxer in jockey shorts! Zoom! Mike "Cripple" Rey passes you on his skateboard, yelling "Surf's up" followed by his sidekick, friend, and roommate Marc "The Cyclor" who is screaming "Vive Quebec" at the top of his lungs, which, by the way, are not very high off the ground. You keep moving, staying close to the walls, until you get to the "Barnaby's" room. . .Barnaby, because of his religion, is getting persecuted by that nutty "German" war flop, Butrton Blais. Because of the condition of your stomach you decided against opening the door, even though it is not every day you get to see Barnaby splattered on the walls and Burton eating the big pieces! The last room is possessed by a ski-bum and a person that never was, the "Pin-Ball Freak". I do not have to mention the other odds and ends like Tony "Smile" Reardon and Strong-Man Heimbach because they are always around. By now you are utterly sick, you run to the fire-escape and hurl yourself off. . .Wait! Just before you splat! You look back on our successes; like the Cross-Country, the very close Carnival, and the Track Meet of which the results are unknown, and as you lie there slowly and painfully dying, you know that there is a Hell on Earth, North House! The house would like to thank Mr. and Mrs. Perrier for the great job that they did and wish them congratulations for the baby which will be here next September-October. We would also like to thank Mr. Lewis, his elephants and Bacardi and Schlitz for their help in the house, along with Mr. "Guitar" Trower.

Good luck next year.

OBITUARY

On the 11th of June, 1977, Grier South died by breaking up. It had an eventful life, losing the Cross-Country but winning the Carnival and Track and Field Meet, plus presenting the all-star production of "A Teahouse On The August Moon". Destruction was due to the running of the house into the ground by Crud. Only one person survived, Gavin, who was running laps. At the time, three seniors were in the bathroom, Fonz giving Razz combing lessons, with Willie and his toothbrush looking on. Down in the basement Yaputsky was saving his stereo and Bryant was still in bed. C.B. was repairing Robot and Eddie was looking for his lost toothpicks. Ig had cracked Egg, and Mau-Mau said, "Ahh, Sick! ". P.J. and Bigbird noticed none of the disaster, as they were bored stiff, and as Angie said, "That's irrelevant". Gorrdomn smelled oncoming disaster, but when he told Large he got "Think I give? ". Gregory was teaching Oui-Oui how to get the real high notes and Boydski was fighting off the biggest moocher in the house, Applebi. . .Tucker was busy practicing signatures and McGoo, recovering from his weekly accident, was trying to cool down his room, to make it seem "more like home". Pat and Smokey were rearranging their room for the eighty-third time and Spoon, the gross-out kid, was doing the skeleton trick. The masters, too, were lost in the destruction.

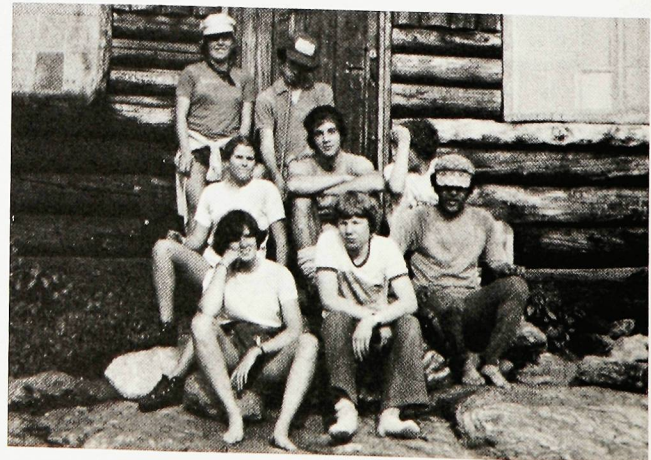

Mr. Colville was in his pad with fifty-three females, (at last count), while eating three pizzas all at once. Mr. Goodwin was chasing after Sally, who was chasing after the boys. Mr. McCaffery, at the time, was hunting out possible lap-and-hockey-stick candidates, naturally. Such was the end of Grier South, 1976-1977. However, next year, like the phoenix-bird, a new house shall rise in its place.

McNaughton House

FRONT ROW: I. Velutini, N. Hauck, W. Stenason, V. Foster, P. Marten, S. Scheunert. SECOND ROW: C. Blood, D. MacDonagh, I. Stephen, G. Landry, Mr. McGuigan, Mr. Lloyd, Mr. Brass, C. Paine, R. Garneau, M. Kral. THIRD ROW: R. Blackburn, S. Zarov, G. Brocklehurst, I. Morales, J. Harley, R. Coulombe, L. Duval, E. Ballantyne, S. Shaw, B. Campbell. FOURTH ROW: A. Federer, B. Younkie, A. Vinberg, I. Goodwin, M. Kenny, H. Landry, B. Dorion, R. Thberge, M. Ford, D. Zaccour, E. Boyd, M. Morales.

Although "rock around the clock" has faded into the background, the spirit has not died away in the halls of old McNaughton House. In fact, the ghosts of General McNaughton and the watchman who we killed in May, roam the campus at all hours. Our house demonstrated its great flexibility by not only winning the cross-country and track meets but by also showing great if not slightly hack talent with an ad-libbed performance of "A Bad Day at Gopher's Breath". Who could forget the beautiful ladies, Ari and Luc, who played their parts with such feeling and dignity? When not roaming around the campus, the boys could be seen in their native habitat. On the first floor we have the wild man from Africa, Paul, as well as various snakes, Brock and Nigel and the King Snake Ivan and his two little relatives. You also find Don Huevo Ballantyne, Manly Stanly, Kate, Zac, (the man from LG2). Velutini, our resident English Professor, Matt and Eric, who were usually on the golf course, then the silent room, Milton and Roger, and lastly our sheep ranch, where Grizzly "Dunc" Adams, the mountain man lives with his faithful Malamute, Spunky. The second floor is no better, Marty and Ian who are always planning wild parties, Brent and his Dad, Mike and Richard the 100th, Luc and his roommate, Rich, who lives in the infirmary, then room 13, which the Attorney General has declared is bad for your health, Rob Blackburn and Alfredo (AWOL), Chris Nielson and Charlie Johnston, Schoo and Victor, Feds and Yonkie and lastly Harlov and Zarley. Let's not forget our masters, Rod Lloyd, Pete Baby Brass (you've got two), Robin the Newf, and Mitch McGuigan, who is currently starring in "Space Wars" as Ooky.

So endeth the year.

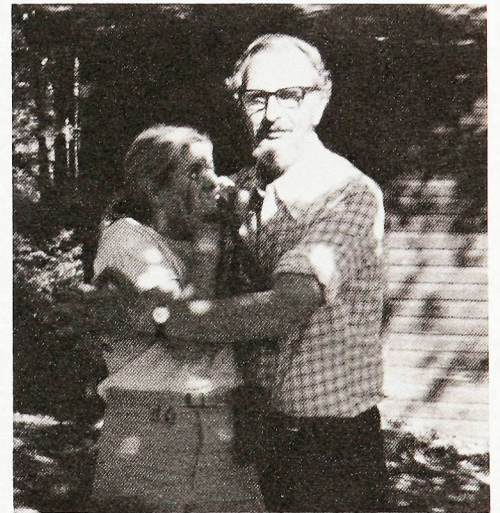

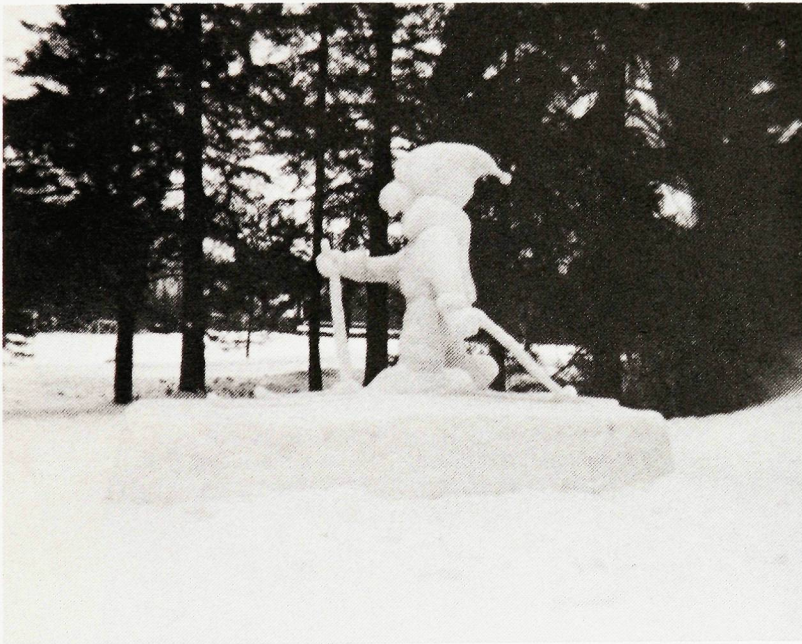

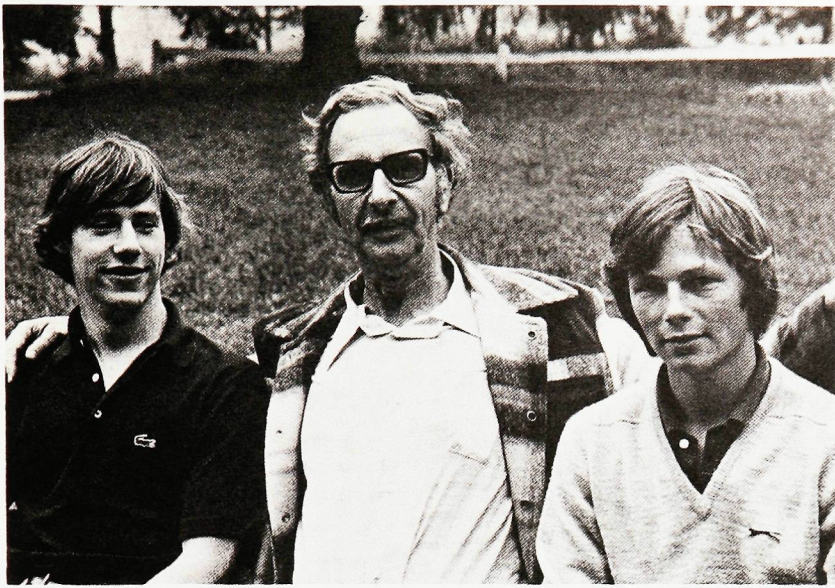

Williams House

FRONT ROW: E. Leefe, D. Molson, S. Kouri, D. Malaket. SECOND ROW: P. MacKenzie, G. Scott, H. Matthews, D. Wold, Mr. Milner, Mrs. Campbell, Mr. Campbell, Mr. Dutton, N. Cunningham, H. Phillips, B. Matheson. THIRD ROW: C. Tudela, Y. Kurata, T. Moseley, D. McDougall, S. Stiegler, F. Viniegra, T. Ballantyne, D. Kohner, P. Provencher, D. Brown, A. Dumais, J. Hallward, P. Boutin, M. Weir, I. Duncan.

This year Williams House started off strangely. We had a male Tirkey organizing the Hockey Pool. We had those who sang and played football, we had animals, vegetables and even a few rocks. We were well off politically with our far left's and far right's and in-betweens. The House play was fun even though we came in third. The x-country run was won by our Dave Wold and four others placed in the top 15. Then came the Carnival. By the time it was over we had won by 3 points. Special thanks go to T. Moseley for the organization of the Carnival and to F. Viniegra for his hard work on the Snow Sculpture. This year we brought a new member into Williams House, Kim Sung Hue, a foster child from South Korea. The House was made up of a variety of people this year, amongst others were; Piic (Yuki), Moose (Carlos), Reptile (Neil), Vegetable (Tim Ballantyne), Potato (Ian), Horse (Mike), Flat Head (Steve), and even our own Mr. Universe, Dave Molson. We will miss the seventh form and the Masters that leave us. Good luck to all of them. P.S. Next year it is felt we could use more mirrors and hot water.

Smith House

FIRST ROW: F. Vosilla, P. Clermont, P. Marten. SECOND ROW: P. Khazzam, M. Marsden, M. Setlakwe, R. Setlakwe, W. Ogilvie, G. Vale, Mr. McClintock, Mr. Owen, Mr. St. Jacques, D. Mitchell, E. Lee, R. Hyndman, B. Rodeck, L. Shade, R. Payne, R. Lee. THIRD ROW: A. Gilmour, V. Viniegra, J. Bryson, S. Henriques, M. Blair, M. Duquet, A. Kippen, R. Tait, M. Hantho, M. Bibeau, D. Keeley, I. Pritchard, C. Fournier, R. Clinton, G. Ho, P. Laframboise, J. Y. Houle, C. Beaudet.

The Zoo carried on this year like in the past keeping up the tradition of being the rowdiest house. A lot of new talent arrived at the Zoo this year. Dragging in Speedy, Gap, Flip, Morsa, and a lot more to help Smith remain the School's number one power house.

Enthusiasm was high for the house play, "Title Bout". It starred our own Cassius Kippen and was directed by Cheese. We kept up the typical Garden's dramatic capabilities by coming in last for the ninth year in a row. It was laughed off as usual and everyone proceeded to get ready for the Carnival.

By Saturday it was obvious to all that Smith was the house to beat. Easily winning the tug of war, Smith pulled itself into first place in overall competition. All that was left was the judging of the sculpture. Well, the Smith Lion was a surprise to all, but just did not sit as well with the judges as it did with the house and we dropped from first to an unfortunate fourth.

We woke up one morning to the sweet smell of the St. Francis and we knew that Spring was here. The Invite was as usual a big success with Smith shipping off a single member. Rumour has it that he still has not returned.

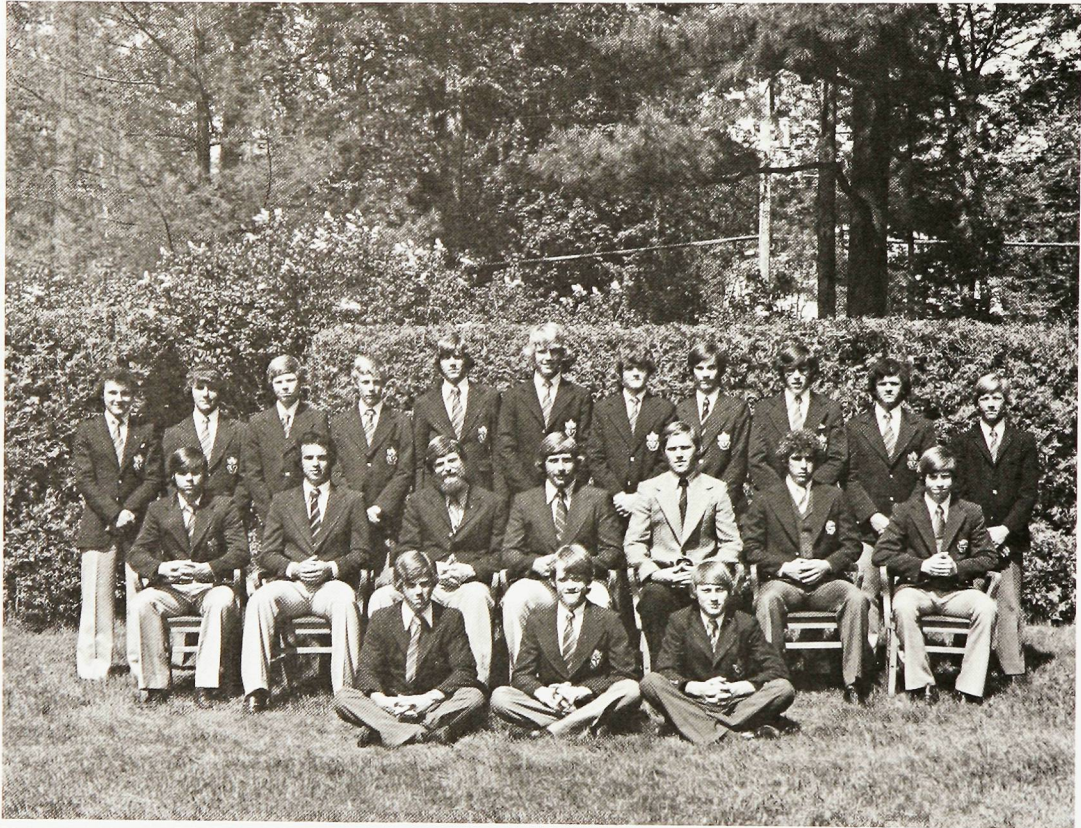

Down in the T.V. Room, the Zoo lived up to its name with Doug and Banana (when he was awake) arguing and the rest of

the house fighting over the "ZA". Smith House was as usual quite the place.

We thank Mr. McClintock and Mr. St. Jacques for keeping us in order sometimes, and Grant, when seen, and a special thanks to our head zoo keeper, Mr. Owen, for leading us in battle and keeping the Zoo together.

Chapman House

FRONT ROW: R. Lynch, B. Davis, C. Burfoot. SECOND ROW: D. Scheunert, S. St. Jean, Mr. Evans, Mr. Campbell, M. Curtis, J. Howson, R. McCarter. THIRD ROW: G. Schiff, R. Woodside, A. Van Schaik, M. Randle, L. Poirier, A. Fuller, K. Rodeck, J. MacDonald, T. Matthews, T. Vodopivec, L. Kredl.

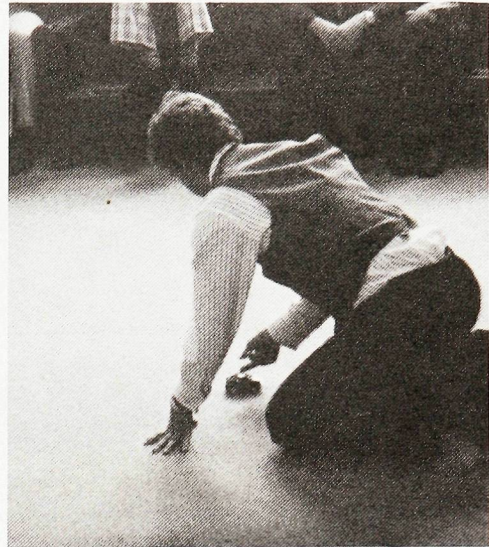

This year Chapman House marks the end of an era. Mr. Doug Campbell, after ten years here and six as a housemaster, is leaving BCS for Ontario. With him go "multitudinous" laps, incredible silence in the house, and a very large chunk of spirit that is so much a part of Chapman House. We all wish him and his family the best of luck in their new home.

The appearance of Chapman House is the same on the outside but it has altered radically within. There are two new showers and nine new boys and the atmosphere here is very different from last year.

The first major success was our acting talent displayed in the Inter-House Play competition and our expert artistic talents that showed through in our snow sculpture. We have come from being the underdogs of the School to real champions with the help of our Prefect(?), Jono Howson.

Next year looks very promising, we will have plenty of Seniors and a whole new crop of Masters. We are looking forward to Mr. McCaffery's introduction to the ways of our House.

Good-bye "fingers" and thanks for everything.

Day Students

FRONT ROW: D. Imperial, M. Reedijk, P. Fields, S. Cryan, R. Cruickshank, A. Calder, J. Younger, T. Crease, A. Cruickshank. SECOND ROW: M. St. Onge, J. Nethersole, S. Ash, S. Budning, P. Provencher, P. Provencher, Mrs. Sacamoto, V. Doheny, C. Bentzen, L. Decarie, C. Fields, THIRD ROW: W. Reedijk, C. Cowans, M. Austin, A. Perry-Gore, P. Comeau, C. Turner, R. Ash, J. Bentzen, R. Picken, C. Younger, B. Hunting, A. Ross, W. Badger, L. Nicholl, B. Perry-Gore, J. Badger, H. Calder, S. Johnson, T. Stafford.

Rather than repeating the nonsense of the year's past, this year's Day story will not ramble on into vague obscurity. Instead, the year's events will take the spotlight. This year marked a number of firsts for our friendly little tribe, such as the birth of our own tie. The premier production by the Day Student Players captured the audience in the House Play Festival. "Dracula" starred Jill Badger, Craig Fields, Mike St. Onge, Jamie Younger and featured EBMA in the title role. While we may not have won a prize, we certainly had a lot of fun. Much thanks must go to Vicky, our director, who helped us immeasurably. In athletics, the annual x-country race was a great success. Special thanks to the Junior Girls who placed 5 in the top 10. We almost got to the Carnival and thanks to the third form boys and their Day Power '77 t-shirts. Maybe next year. In the final track meet we fared well and everyone participated. Captain Craig Fields inspired us on with his triumphs in the long jump, high jump, and triple jump. Academically, we maintained our high performance. Sherrie Cryan won the Boswell writing prize and in Form III Lucy Nicholl was first in the form while M. Reedijk and A. Cruickshank both received first class honours. In Form IV Todd Stafford once again achieved first class honours. Thanks to Mr. Badger, Mrs. Sakamoto and to Peter Provencher. One last thing, there follows a message from our own John Nethersole, winner this year of the Kay Art Prize (Ah-yes!). This year's rookies are congratulated for their helpful contributions and to those leaving us, we wish you every success in your endeavours elsewhere, Bye!

"It is done! " cried the dying cowboy, and it was. We too are done. This is it, the End, Q.E.D., La Fin.
You name it! It is time to ride off into the sunset. Good-bye and Good Luck. Grovel! Grovel!
Butch Cassidy and the
Hole In The Wall Gang.
